CHAIRMAN'S MESSAGE

“ You would be happy to note that during the year, your Company signed a major contract approx. Rs 6,000 Cr for construction of seven NGOPVs for the Indian Navy, which catapulted our overall order book value in excess of Rs 20,000 Cr.

”

Dear Shareholders,

With great honour and privilege, I extend a very warm welcome to you all for the 57th Annual General Meeting of Goa Shipyard Limited (GSL) and thank each one of you for attending the meeting in virtual mode.

As I complete one year as CMD, I feel very humbled today while I look back at the various activities and achievements that we had in the last one year. We have performed creditably well achieving inspiring milestones and well poised on the path of unprecedented growth in coming years.

I am delighted to present to you the Annual Report for the financial year ended 31 Mar 2023. Despite of multiple challenges and prevalent geo-political situation, your Company registered a comprehensive growth and sustained performance in key physical and financial parameters during the financial year. I take this opportunity to share the performance highlights of the year 2022-23 and future outlook for the Company.

FINANCIAL PERFORMANCE

Your Company delivered a steady financial performance during the year under review and registered a growth of 17% in Operating Revenue and Value of Production (VoP). During the fiscal, the Company reported Gross Revenue of Rs 1,046 Cr, an increase of 21% from Rs 865 Cr earned in the previous year. During the year, Revenue from Operation clocked at Rs 869 Cr compared to Rs 740 Cr in FY 2021-22. Profit Before Tax grew to Rs 205 Cr as against Rs 135 Cr in the previous year, registering an impressive growth of 52%. Net worth of the Company has reached an all-time high of Rs 1,246 Cr as on 31 Mar 2023.

FY 2022-23 was an exceptional year from the order book value perspective. You would be happy to note that during the year, your Company signed a major contract of approx. Rs 6,000 Cr for construction of seven Next Generation Offshore Patrol Vessels (NGOPVs) for the Indian Navy, which catapulted our overall order book value in excess of Rs 20,000 Cr. Concurrent construction of multiple

projects coupled with an excellent order book position will enable the Shipyard to grow consistently and provide multifold surge in revenue in the coming years.

Your Company considers its shareholders as a valuable and integral part of the organization. GSL has been gratifying its shareholders with regular dividends. I am pleased to inform you that the Board has recommended final dividend of Rs 1.65 per equity share of Rs 5.00 each i.e. 33% of the Paid-up Share Capital for FY 2022-23. This is in addition to the interim dividend paid by the Company @ Rs 3.75 per equity share, being 75% of the Paid-up Share Capital. Thus, the total dividend for FY 2022-23 will be Rs 5.40 per equity share being 108% of Paid-up Share Capital.

OPERATIONAL PERFORMANCE

Execution of Shipbuilding projects

GSL has an unprecedented order book position to be executed in the next 8-9 years. I am happy to state that for the first time GSL is executing 20 platforms concurrently. However, the year 2022-23 witnessed intense geo-political and economic volatility posing numerous challenges in the form of disruption in global supply chain, strained trade-relations, sanctions, surge in inflation and so on. Amidst these challenges, construction of two highly technologically advanced Frigates for the Indian Navy is progressing well. To mitigate the impact of the disruptions, your Company has resorted to alternate/indigenous sources for supplies/ materials to maintain the production pace. The design of the Frigate is in advanced stage of completion overcoming the intense complexity of integration of indigenous systems in the proven design. The project has been game changer and besides providing exponential growth in revenues, it will be a stepping stone for securing similar shipbuilding projects with high degree of complexity.

Further, your Company has progressed with construction of two Pollution Control Vessels (PCVs) and eight Fast Patrol Vessels (FPVs) for the Indian Coast Guard. Design phase of both these projects are in advanced stage of completion. Keel of both the PCVs were laid and construction work is progressing simultaneously. Physical construction of first four FPVs has commenced and keel laying ceremony of these 04 vessels was held on 25 Aug 2023 at the hands of Defence Secretary. In addition, design phase and procurement activities for NGOPV project are also being progressed as per timelines.

Exports

A prestigious export contract for construction of 4000 T Floating Dry Dock for the Sri Lanka Navy is advancing

well with preliminary design already completed and the detailed design is in progress. The construction activities have commenced and progressing as per timelines.

Ship Repair and General Engineering Services

Ship repairs have been a focus area of your Company and I am glad to share that Ship Repair/Refit vertical continued on an upward growth trajectory and contributed the highest ever revenue of Rs 160 Cr. Refit of six vessels & fitment of SRCG onboard two Coast Guard vessels were completed during the year. Increased thrust on harnessing the opportunities emerging in this segment would accelerate the growth of this vertical.

It is a matter of great satisfaction that General Engineering Services (GES) division has successfully delivered the prestigious Damage Control Simulator Facility to the Indian Navy which was commissioned at Port Blair on 18 Aug 2023. This was the fourth such facility for the Indian Navy, all by GSL. Besides this, one 15M Fast Interceptor Boat for Coastal Police to Govt. of Goa and three 7.5 T Bollard Pull Tugs for Assam Inland Water Transport Development Society were successfully delivered during the period.

Two other GES projects viz. construction of two 2000 LPG Cylinder Carrier Vessels for Union Territory of Lakshadweep Administration and twelve specialised boats for the Indian Army have progressed significantly and will be delivered shortly.

MOU PERFORMANCE

Your Company signs Memorandum of Understanding (MoU) with Government of India, Ministry of Defence (MoD) in each financial year, which outlines targets and various performance parameters for the Company. On the basis of actual performance vis-à-vis MoU targets laid down in MoU for FY 2022-23, your Company is likely to be rated as "Very Good".

EXPORT INITIATIVES

In line with the GoI/ MoD thrust on exports to achieve the targeted USD 5 billion exports by 2025, GSL is continuously pursuing opportunities to expand business by capturing new customers in the existing and new geographies. To give greater thrust to exports, we are contemplating to expand the network of our marketing representatives and exploring strategic collaboration, joint venture for co-design and co-development.

GSL is participating aggressively in the global tenders issued by various countries and in dialogue with foreign navies to fulfil their requirements. Efforts are on for

pursuing exports with various countries following both the G2G route wherein the Government of India have opened Lines of Credit with funding typically extended by EXIM Bank as well as the B2B route with sovereign guarantee of the recipient nation.

In addition to constructing vessels, concerted efforts are being put in for offering training packages to foreign navies for training of their personnel in ship design, construction, repair and maintenance aspects and such trainings were imparted to Nigerian and Sri Lanka Navy personnel in the past.

AATMANIRBHAR BHARAT - INDIGENISATION AND MAKE IN INDIA INITIATIVES

The Government has identified the Defence and Aerospace sector as a focus area for the "Aatmanirbhar Bharat" or Self-Reliant India initiative, with a formidable push on the establishment of indigenous manufacturing infrastructure supported by a requisite research and development ecosystem. In continuous pursuit of self-reliance in defence manufacturing, Department of Defence Production, MoD has so far notified four Positive Indigenisation Lists in respect of DPSUs, comprising of 4,666 major Line Replacement Units/sub-system/assemblies/sub-assemblies/components and spares with an embargo on their import from defined timelines.

In line with its commitment to support the aforesaid initiatives of Make in India, your Company has been consistently increasing indigenisation in key areas of shipbuilding technology and has successfully indigenised 23 equipment/systems for Advanced Frigates in collaboration with Indian vendors thereby targeting to achieve indigenisation content of 55% approx. In addition, your Yard is working towards maximising the indigenisation content of the ongoing projects viz. PCV, FPV and NGOPV. Your Company regularly uploads the details of items required to be indigenized on Srijan portal for encouraging the participation of Indian firms in the indigenisation process.

INFRASTRUCTURE MODERNISATION

I would also like to highlight that a major infrastructure modernisation plan at GSL aimed at enhancing the capabilities of the Yard multi-fold to build larger and complex class of vessels for defence forces, commercial applications and exports has been completed with inauguration of recently completed "Integrated Stores Complex" by Defence Secretary on 25 Aug 2023. This facility marks the completion of the entire modernisation work undertaken at GSL in the last 10 years at an outlay of approx. Rs 1,390 Cr, making it one of the most modern Shipyards in the region equipped with dedicated

facilities for construction of high technology GRP hull vessels, new steel fabrication facilities for construction of new technology ships and facility for repair & refit of ships.

RESEARCH & DEVELOPMENT

Your Company has continued its efforts towards the design and development of new platforms/ products and technologies to enhance its capability with a view to bring technological superiority to its products and to cope up with the future technological challenges. Our focus continues on R&D, technology advancement, quality upgradation, sustainability and operational excellence. To further enhance the design capability, your Company has set up a Virtual Reality Centre to create an immersive virtual reality environment that would be used to visualize the 3D stereoscopic model of warship and use them for design review.

I am pleased to inform that design and construction activities for PCV & FPV platforms for the Indian Coast Guard and NGOPV for the Indian Navy have been progressed which would result in significant savings in foreign exchange by avoiding import of ship designs and achieving self-reliance in this area to a large extent. It is noteworthy to mention that the design efforts of GSL has been recognised by its esteemed customer i.e. the Indian Coast Guard and a senior design officer of GSL has been felicitated with Coast Guard commendation award. Further, having gained experience in design and integration of Frigates, your Yard is now equipped with requisite expertise and know-how in design and construction of complex weapon intensive platforms.

ARTIFICIAL INTELLIGENCE INITIATIVES

Your Company has been swift in adopting Artificial Intelligence (AI) towards improvement of its design and production processes. GSL has successfully built Autonomous Surface Vessel, fitted with AI system in collaboration with Bharat Electronics Limited, which is in active service with the Indian Navy. In addition, your Company is developing AI based Condition Monitoring System (CMS) that will help the Yard to undertake timely maintenance of critical assets and avoid catastrophic failure. GSL has tied-up with reputed technical education institutes like IISc, Bengaluru, BITS Pilani, Goa etc. for fostering joint development & implementation of AI technologies in the field of shipbuilding and defence applications.

IMPLEMENTATION OF GOVERNMENT PROGRAMS

GSL is always at the forefront in implementing various flagship programs of the Government such as consistent

thrust on procurement from MSEs, foster invention, innovation and IPR culture, promotion of startups, etc. During the year, the Company achieved 60% of the indigenous procurement (excluding buyer nominated items) from MSE sector, as against the mandatory target of 25%. Under “Mission Raksha Gyan Shakti” initiatives of MoD to promote Intellectual Property Rights culture and creation of Intellectual Property towards “Self-reliance” in the defence sector, your Company has filed 13 IPR applications and imparted training to 21 personnel during FY 2022-23. GSL, through DIO-iDEX has engaged startups for developing RCS reduction technique solution and AI based CMS for yard assets.

Your Company has also been instrumental in implementing the Government’s “Swachh Bharat Campaign” by carrying out multiple cleanliness drives, undertaking tree plantation drive, provisioning of safe drinking water and constructing & renovating toilets.

NATIONAL RECOGNITION / AWARDS

You will be happy to know that your Company’s sustained efforts have been rewarded across multiple platforms in the areas of HR practices, women contribution, environment protection among others. Some of the noteworthy recognitions being Governance Now 9th PSU Awards for “HR Excellence”, Special Jury - HR Excellence Award 2022 for “Managing Organisational Change & Excellence through innovative HR Practices” by ASSOCHAM, PSE Excellence Award for “Contribution of Women and Differently Abled in PSEs” organized by Indian Chamber of Commerce and “22nd Annual Greentech Environment Award 2022” by the Greentech Foundation for outstanding achievements in “Environment Protection” category.

CORPORATE GOVERNANCE

Your Company takes pride in constantly adopting and maintaining the highest standards of ethics and transparency in all spheres of business activities. The Company has regularly complied with the Guidelines on Corporate Governance for CPSEs issued by DPE. Necessary disclosures have been made in this regard in the Corporate Governance Report. As per the Self-evaluation Annual Grading Report on Corporate Governance for the year 2022-23, the Company has achieved “Excellent” grading.

CORPORATE SOCIAL RESPONSIBILITY & SUSTAINABILITY

Your Company strongly believes and contributes towards sustainable development of the marginalised societies around the area of our operation by creating livelihood

opportunities, developing skill-sets and spreading well-being. The principles of Corporate Social Responsibility (CSR) are deeply imbibed in your Company’s corporate culture. GSL has undertaken various CSR programmes/initiatives/projects as per the Company’s Corporate Social Responsibility Policy and in line with the requirements of the Companies Act, 2013. You would be happy to note that to amplify outreach efforts, your Company has spent an amount of Rs 394.06 lakh, higher than the statutory mandated CSR budget, in key sectors like Healthcare, Sanitation, Swachh Bharat, Education and Vocational Skill Development.

HUMAN RESOURCE DEVELOPMENT & INDUSTRIAL RELATIONS

It is really delightful to note that the Company has been implementing various employee oriented schemes and initiatives for the welfare and upskilling of its workforce. Your Company recognises the contribution of its Human Resources towards enhancing the organization’s growth trajectory. During the year, the Human Resource Development initiatives were focussed on augmenting the skills of the work force and thereby creating a competitive performance driven culture amongst employees. Various training programmes were conducted during the year to enhance competencies in technical, functional, managerial and leadership areas. With a view to stay abreast of changing HR policies & processes, your Company had organized 3rd DPSU HR Meet, which was attended by senior HR heads of 16 Defence Public Sector Enterprises. The two-day event was aimed at knowledge sharing and exchange of best practices between HR executives of DPSUs. GSL has also actively participated in 30th Regional Meet of Western Region organized by Forum of Women in Public Sector under aegis of SCOPE at Goa.

GSL is also at the forefront in providing the best medical/health care to the employees and their dependents. Medical section has been renovated to foster the holistic well-being of all employees. As a part of GSL’s welfare initiatives, “Goa Shipyard Retired Employees Facilitation Centre” has been inaugurated to facilitate easy access to post retirement benefits. The Company has always laid topmost priority in integrating safety with business operations and put relentless efforts in providing safe working environment to its workforce.

The Company strives to maintain harmonious and cordial industrial relations with the workforce and the Yard continued to work peacefully throughout the year. The Workmen Unions / Associations cooperated with the Management to work towards the common objectives of the Company.

ROAD AHEAD - FUTURE OUTLOOK

As we look ahead, we are filled with great optimism for the future. The Government of India has rolled out various initiatives to unlock the true potential of India's maritime capabilities and accelerate the growth of defence sector. The Government's emphasis on "Make in India" and "Atmanirbharta" in defence manufacturing provides great opportunity for import substitution and promoting innovative indigenous solutions for defence equipment. GSL aspires to be in the forefront of the revolution and be a major contributor in the Government's initiatives thereby capitalising the emerging opportunities.

Your Company is committed to strengthen its core businesses, accelerating innovation, developing efficiencies and adopting Industry 4.0 practices in key business operations while exploring new avenues for the future. The upcoming year and beyond are crucial as it demands successful and timely execution of multiple projects in hand. Moreover, these next few years mark a significant shift towards a technological advanced future, necessitating swift and agile action. I have complete confidence that our team dedication and commitment will make this possible.

APPRECIATION

Our journey of more than six decades is marked by a relentless pursuit of excellence, where each milestone achieved becomes a stepping stone to a brighter future. Undoubtedly, the voyage has been exciting and

challenging in equal measures, but it has also been full of new opportunities and new vistas opening in the defence sector.

At the outset, on behalf of the Board of Directors, I thank you for your continued trust, encouragement and unequivocal support to the Company and its Management. I wish to express my sincere gratitude to the Ministry of Defence, Central and State Government Authorities and Indian Navy & Indian Coast Guard Authorities and the Customers for their unstinted support and valuable guidance. I would also like to place on record my wholehearted appreciation to the Board of Directors for their harmonious support and contribution in propelling this Yard forward. I am sure that with the continued support and encouragement from all stakeholders, the Company shall achieve new heights in all spheres of its activities. Last but not the least, I appreciate the support of Team GSL including CISF contingent for their strong commitment towards accelerated growth. The dedication and resilience of our employees and officers are a major strength which enables us to deliver the quality products for meeting the customers' requirements.

21. As per the Finance Act, 2020, dividend income is taxable in the hands of shareholders w.e.f. 1st April 2020. Therefore, the Company is required to deduct tax at source (TDS) at the time of making the payment of dividend to its shareholders (resident as well as non-resident). The rate of TDS would vary depending on the residential status of the shareholders and documents submitted by the shareholders with the Company/ RTA/ DP.

For resident Shareholders:

Tax will be deducted @10% under Section 194 of the Income Tax Act, 1961 (IT Act) where a valid Permanent Account Number (PAN) is updated in the Company's record or at a higher rate of 20%, in case their PAN is not registered. In case of "specified person" under Section 206AB of the IT Act, tax shall be deducted at twice the rates specified in the relevant provisions of the IT Act. Further, in case a Member fails to link his/her PAN with Aadhaar as per section 139AA of the IT Act, then tax shall be deducted at the higher rates as prescribed under the IT Act.

Members who have not registered their PAN with the Company are requested to submit a self-attested

copy of valid PAN card on or before the date of AGM. In case of corporate members, attestation is to be done by their authorized signatory(ies).

No tax shall be deducted on dividend payable to a resident individual, if the total dividend to be received by him during the FY 2023-24 does not exceed Rs 5,000/-. Further, a resident individual shareholder who is not liable to pay income tax, can submit a yearly declaration in Form No. 15G (applicable to any person other than a company or a firm) / Form No. 15H (applicable to individuals aged 60 years or more) along with a copy of self-attested PAN card to the Company, to avail the benefit of non-deduction of tax at source. Resident individual shareholder may also submit any other document as prescribed under the IT Act to claim a lower tax.

For non-resident Shareholders:

Taxes are required to be withheld in accordance with the provisions of the IT Act, at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable to non-resident Shareholders. However, as per provisions of the IT Act, non-resident Shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the member, if beneficial to them. In this regard, non-resident Shareholders will have to provide the following documents:

- a) Tax Residency Certificate issued by revenue authority of the country of residence of the shareholder for the year in which dividend is received, duly attested by him;
- b) Form 10F duly filled and signed. Electronic Form 10F can be filed through the e-filing portal of the income tax website at <https://www.incometax.gov.in/iec/foportal/>;
- c) Self-attested copy of PAN card allotted by the Indian income tax authorities;
- d) Self-declaration by the shareholder of having no permanent establishment/ fixed base in India;
- e) Self-declaration of beneficial ownership of its shareholding in the Company; and
- f) Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by the shareholder.

Application of beneficial tax treaty rate shall depend upon the completeness of the documents submitted by the non-resident Member and its review to the satisfaction of the Company with regard to the compliances and applicability.

Accordingly, the Members are requested to provide the details and documents/ declarations as mentioned above quoting the folio number to the Company/RTA or update with the respective DP on or before the date of AGM.

22. It may be further noted that in case the tax on dividend is deducted at a higher rate in absence of receipt of the aforementioned details/documents/ declarations, there would still be an option available with the Member to file the return of income and claim refund as appropriate, if eligible. No claim shall be preferred against the Company for such taxes deducted.

Unpaid/Unclaimed Dividend

23. Pursuant to the provisions of Section 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (IEPF Rules) as amended, any amount of dividend which remains unpaid or unclaimed for a period of seven years from the date of transfer to Unpaid Dividend Account of the Company, is liable to be transferred to the Investor Education and Protection Fund (IEPF). OPERATIONAL PERFORMANCE

Ship Construction

- Progress of Advanced Frigates:** The Company is presently executing the prestigious contract for construction of two Advanced Frigates for the Indian Navy. In the spirit of Make in India and Aatmanirbhar Bharat, your Company is steering the development of indigenous substitutes in coordination with the Indian Navy and Indian industry. Majority of these indigenous substitute equipment is in advanced stages of development and post trials & testing, these are likely to be supplied to the Shipyard in near future for onboard installation activities. Regardless of the uncertainties in global scenario and delay in supply of critical equipment/material, the Yard is working towards meeting the project timelines. The project has been game changer, equipping the Shipyard with requisite expertise and know-how in design and construction of complex weapon intensive platforms. Besides providing exponential growth in revenues, it will be a stepping stone for obtaining similar shipbuilding projects with high degree of complexity.
- Pollution Control Vessels (PCVs):** At present, your Company is handling the construction of two PCVs for the Indian Coast Guard. Keel laying ceremony of PCV project was held on 21 Nov 2022 at the hands

Keel Laying of Yard 1267 of PCV on 21 Nov 2022

of DG V S Pathania, PTM, TM, Director General, Indian Coast Guard. Design phase of the project is in advanced stage of completion and physical construction of both the vessels is progressing simultaneously. Hull construction and outfitting activities are advancing satisfactorily.

14. **Fast Patrol Vessels (FPVs):** Your Company has undertaken construction of eight FPVs for the Indian Coast Guard. Plate cutting ceremony of FPV Project was held on 21 Nov 2022 at the hands of IG D R Sharma, PTM, TM, Deputy Director General (M&M), Indian Coast Guard. Design process for the project has advanced significantly. Physical construction of first two vessels has commenced.

Plate Cutting of FPV Project on 21 Nov 2022

15. **Next Generation Offshore Patrol Vessels (NGOPVs):** The contract for construction of seven NGOPVs was signed on 30 Mar 2023. Your Company is the lead shipyard for this contract and seven vessels will be built by GSL & four vessels by Garden Reach Shipbuilders & Engineers Limited (GRSE). Design process, which is being entirely developed in-house by your Company, has commenced. This project will consolidate the Company's domain expertise in Offshore Patrol Vessels and open future prospects of obtaining more orders, particularly for defence exports.

Ship Repairs

16. During the year, your Company reported an impressive growth from Ship Repair vertical and clocked the highest ever revenue of Rs 159.59 Cr as compared to Rs 38.74 Cr in FY 2021-22, registering a notable 4x increase. The Yard executed refit of multiple vessels concurrently and completed refit of six vessels & fitment of SRCG onboard two Coast Guard vessels during the year. Refit of four vessels were in progress as at the end of the year. With the persistent focus of the Company in enlarging the refit base, the refit vertical is growing steadily and contributing significantly to revenue of the Company.

General Engineering Services (GES)

17. GES vertical of the Company is engaged in construction of following projects during the year:

- (a) Completed the construction of three 7.5 T Bollard Pull Tugs for Assam Inland Water Transport Development Society (AIWTDS) and despatched to Assam after successful tests and trials. First Tug was handed over to AIWTDS on 04 Mar 2023 before contractual delivery schedule.
- (b) Successfully delivered one 15M Fast Interceptor Boat within contractual delivery period to Govt. of Goa for Coastal Police for the purpose of Coastal Surveillance.
- (c) Construction work of Damage Control Simulator at Port Blair for the Indian Navy is progressing as per schedule to meet contractual delivery of Oct 2023.
- (d) Two 2000 LPG Cylinder Carrier Vessels for Union Territory of Lakshadweep Administration (UTLA) is under advance stage of construction.
- (e) Construction of twelve specialised boats for the Indian Army is underway.
- (f) Besides, GES vertical is also providing the following:
 - (i) Maintenance support for Shore Based Training Facility, GSL built Damage Control Training Facility and Nuclear, Biological & Chemical Training Facility;
 - (ii) Training on Survival at Sea to ONGC personnel on the training vessel "Samudra Shiksha";
 - (iii) Continues to execute stern gear supply / service orders for Naval/Coast Guard OPVs and also provided assistance for the system already installed onboard the Aircraft Carrier built by Cochin Shipyard Limited (CSL) for the Indian Navy; and
 - (iv) Mid Life up-gradation of boats for Karnataka Coastal Security Police.

Export

18. **Sri Lanka Floating Dry Dock:** The Company is executing a contract for construction of 4000 T Floating Dry Dock for the Sri Lanka Navy. Detail design work is in advance stage of completion.

ORDER BOOK POSITION

19. As on 31 Mar 2023, the net value of works to be executed in respect of orders received by the Company for Ship Construction, Ship Repair/ Refit work, General Engineering Services, Annual Maintenance Contracts, B&D Spares amounted to Rs 20,146 Cr which consists of the following major projects:

Project / Vessel	No
Advanced Frigates for Indian Navy (IN)	02
Next Generation Offshore Patrol Vessels for IN	07
Pollution Control Vessels for Indian Coast Guard (ICG)	02
Fast Patrol Vessels for ICG	08
Damage Control Simulator for IN	01
Specialised Boats for Indian Army	12
Floating Dock for Sri Lanka Navy	01
LPG Cylinder Carrier Vessels for UTLA	02
Ships under repairs	04

BUSINESS DEVELOPMENT

20. Production advancement of multiple projects coupled with an excellent order book position will enable the Shipyard to grow consistently and provide multifold surge in revenue in the coming years. In its quest to secure more orders in both shipbuilding and refit sections, the Yard endeavours to expand its product profile aligning with market requirements and technological upgradation. Apart from harnessing the core competencies gained over the years in warship building, your Company is continuously targeting upcoming & diversified projects of the Indian Navy, Indian Coast Guard, Ministry of Home Affairs, DRDO, Inland Waterways Authority of India, Shipping Corporation of India and other commercial clients. Considering orders in hand, expertise, sustainability and market demand, marketing strategies have been planned and competitive bids have been submitted for the domestic defence as well as commercial shipbuilding orders.

21. Our willingness to adopt latest technologies and advance equipment in various areas of operations would play a significant role in improving efficiency, quality and productivity of the Company. Thus, the Company has embarked on a mission to adapt Industry 4.0 practises in its core areas of functioning such as Design, Planning, Production and Supply Chain Management.

22. Encouraging response to Yard's ship repair activities and constant winning of contracts for refit of various

defence and commercial vessels have propelled the growth of this vertical during the year. In order to maintain the growth momentum, the Company is bidding aggressively for RFPs issued by the maritime forces & other customers.

EXPORT INITIATIVES

23. Your Company intends to revamp its presence in the export market. GSL has been consistently seeking export opportunities globally and is in constant dialogue with various Indian Embassies/ High Commissions abroad to expand its product outreach to prospective customers. Backing on its on-time delivery track record developed in the past six decades, GSL is participating aggressively in the global tenders issued by various countries and are in dialogue with foreign navies to fulfil their requirements. GSL is exploring the possibility of converting the requirements of Government agencies of target countries to projects under LoC. Efforts are on for pursuing exports with various countries following both the G2G route wherein the Government of India have opened Lines of Credit with funding typically extended by EXIM Bank as well as the B2B route with sovereign guarantee of the recipient nation. GSL has also appointed management representatives for promoting GSL's product line in global market.

AZADI KA AMRIT MAHOTSAV

24. To commemorate 75 years of India's Independence, GSL participated in "Exhibition on contribution of CPSE's in Nation building since Independence - Showcasing their first-in-the country product/ services" under the "Azadi Ka Amrit Mahotsav" (AKAM) organised by DPE from 09 to 12 Jun 2022 at Gandhinagar, Gujarat. GSL showcased its contribution towards Nation building and featured its product line.

25. GSL actively participated in "Har Ghar Tiranga" campaign launched by Government of India under the aegis of AKAM to encourage the citizens to Hoist the National Flag of India in their homes during the Independence Day week from 13-15 Aug 2022. Total of 3300 National flags were procured and distributed during the said campaign. To emphasise on Jan-Bhagidari and Public Participation which is the main theme of AKAM celebration for 2022-23, various types of dance performances and speeches on great freedom fighters were presented by school children on Independence Day and Republic Day which fostered the feeling of national integration.

GSL participation in 'Har Ghar Tiranga' campaign

26. As a part of AKAM celebration, essay & slogan competition (Importance of Aatma Nirbhar Bharat) was organised for CISF and GSL personnel and essay competition for their children. Further, tree plantation drive wherein 100 saplings were planted at yard premises and residential areas, as a part of Green Environment & Sustainability measures.

INDIGENISATION AND MAKE IN INDIA INITIATIVES

27. GSL has been consistently progressing towards achieving self-reliance by implementing "Make in India and Indigenisation" policies promulgated by the Government from time to time and partnering with local industries to increase indigenisation in key areas of shipbuilding technology. To achieve self-dependence and reducing import in defence manufacturing, Government of India has notified list of equipment & platforms which are only to be procured from Indian Industry as per the import embargo timelines.

28. Out of the First Positive Indigenisation List (PIL) of 351 new items/equipment notified on 27 Dec 2021 by Department of Defence Production (DDP), MoD, GSL has successfully indigenised 23 equipment/systems for Advanced Frigates in collaboration with Indian vendors. This project is scheduled to have fairly large indigenous content of approx. 55% which includes major technology oriented equipment, weapons and sensors etc. Further, out of the Second PIL of 107 items/equipment notified by DDP, MoD in Mar 2022, GSL is in the process of indigenisation of item/equipment for FPV & OPV platforms. From the Third PIL of 780 items/equipment notified by DDP, MoD in Aug 2022, 12 items/equipment are identified for indigenization, which will be required for future upcoming projects. The Company is working towards maximising the indigenisation content of the ongoing projects viz. PCV, FPV and NGOPV. Your Company

regularly uploads the details of items required to be indigenized on Srijan portal for encouraging the participation of Indian firms in the indigenisation process. Out of 180 imported equipment/ items uploaded on portal by GSL, 57 equipment/ items have been successfully indigenised which can be sourced from Indian firms.

29. GSL has also successfully indigenized, in co-operation with Wartsila, Water Jet Inlet Ducts for Water Jet Propulsion system being fitted on Anti-Submarine Warfare Shallow Watercraft, being built by GRSE and CSL for the Indian Navy. GSL is also collaborating with foreign OEMs for indigenisation of critical systems/components for meeting the future requirements of defence forces. The ongoing geopolitical situation has also opened up new opportunities for increased indigenization, which is steadily being progressed at GSL.

PROCUREMENT

30. To bring higher transparency in procurement, your Company has maximised the utilisation of e-procurement platforms for procurement of materials and services. During FY 2022-23, more than 93% of total requirements was sourced through e-procurement mode.

31. Your Company has adopted Government e-Marketplace (GeM) system of online procurement of items which are available in GeM. GSL has carried out numerous transactions through GeM portal till date and procured materials & services worth Rs 292.19 Cr through GeM during FY 2022-23, a substantial increase from last year procurement of Rs 94.18 Cr. Further efforts are being made to improve the procurement through GeM.

32. Preferences are being given to Startups for procurement of required goods & services and in order to enable their wider participation, your Company has relaxed norms with respect to prior experience and turnover, without compromising technical specification and quality standards.

PROCUREMENT FROM MICRO AND SMALL ENTERPRISES (MSEs)

33. Your Company has been providing increased thrust on enhancing procurement from Micro and Small Enterprises (MSEs) and has implemented the Public Procurement Policy for MSEs issued by the Ministry of MSME. The Company has reserved 18 Shipbuilding project specific items for exclusive procurement from MSEs, over and above 358 items reserved by

the Government of India and instituted liberalized payment terms in order to enhance their liquidity to tackle multiple long-term projects smoothly. As a result of its focused efforts, your Company has achieved 60% of the indigenous procurement (excluding BNE items) from MSE sector, as against the mandatory target of 25%. GSL strives to achieve the sub-target fixed for procurement from SC/ST and women entrepreneurs.

34. The Company is registered on “MSME Sambandh” portal for regular uploading of procurement data & other details and “MSME Samadhaan” portal for ensuring resolution of grievances related to payment to MSEs. The Company has onboarded on TReDS platform, to ensure timely payment to MSMEs and all efforts are made to bring the MSMEs on this platform.

VENDOR DEVELOPMENT MEETS

35. In line with the Government of India policies, your Company strives to increase its vendor base, especially from MSE and SC/ST sectors by way of conducting special drives including registration of vendors on GeM portal and participating/organizing several meets, webinars and programmes. Your Company extends technical guidance and requisite support to MSEs wherever required.
36. Vendor development is a continuous process and during the year, your Company in association with office of MSME organised a “Two-day vendor development program for MSEs”, wherein training sessions on GeM, TReDS registration and processing of invoices on TReDS, initiatives offered by MSME/ NSIC units etc. were shared with participating MSEs. GSL also participated in various vendor development meets notable ones are South Asia's largest maritime exhibition & conference - INMEX

Vendor Development Program for MSEs

SMM India; National Defence MSME Conclave and Exhibition organized by DDP, MoD through SIDM and National Seminar cum Exhibition on “Scope for Growth & Development of MSMEs and CPSE level Vendor Development Programme cum Exhibition”.

INTEGRITY PACT

37. In line with the directives of MoD and initiatives of the Central Vigilance Commission (CVC) to eradicate corruption in procurement activity, the Company has adopted Integrity Pact for procurement transactions/ contracts above Rs 2.00 Cr. The Pact essentially envisages an agreement between the vendors/ bidders and the buyer (GSL), committing the persons/officials of both sides, not to resort to any corrupt practices in any aspect/ stage of the contract. Only those vendors/bidders, who commit themselves to the Pact, would be considered competent to participate in the bidding process.
38. In accordance with CVC circular on “Adoption of Integrity Pact”, the Company has appointed Shri Paul Antony, IAS (Retd.) and Smt. Anita Pattanayak IA&AS (Retd.) as Independent External Monitors (IEMs) for monitoring implementation of Integrity Pact. During FY 2022-23, total 78 contracts worth Rs 988.80 Cr (approx.) were covered under Integrity Pact and reviewed by the IEMs and none of the Integrity Pact contracts attracted complaint/ grievance of any nature. Further, no complaints were received by the IEMs from any of the vendors of the Company.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

39. While Government Companies engaged in producing defence equipment are exempted to furnish the information with regard to conservation of energy, technology absorption, foreign exchange earnings and outgo under the provisions of Section 134(3) (m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014 vide Ministry of Corporate Affairs Notification GSR No.680 (E) dated 04 Sep 2015, limited information on Conservation of Energy and Technology Absorption of your Company is provided herein below:

Conservation of Energy

40. **Steps taken by the Company to conserve energy:** During FY 2022-23, the Company took following steps to conserve energy:

- (a) Conventional lighting was replaced with LED light in SOW & high masts and also resorted to use of LED light onboard ships under construction.
 - (b) Maintaining power factor to unity for optimizing the energy billing units.
 - (c) Major overhaul of DG sets was carried out to improve the fuel efficiency.
 - (d) Use of variable frequency drives for electrically operated cranes.
 - (e) Display of various energy saving banners, posters and stickers in the Yard for spreading awareness on energy conservation.
41. **Steps taken by the Company for utilising alternate source of energy:** Solar power was generated & exported to grid from Unit 2 & Unit 4 and solar power street lights were used for periphery lighting. Installation of 2350 kwp solar power plant is being planned for FY 2023-24.
42. **The capital investment on energy conservation equipment:** During FY 2022-23, the Company invested Rs 72 lakh on energy conservation and renewable source energy equipment.

Research & Development (R&D)/Technology Absorption

43. GSL is recognized as “in-house R&D unit” by the Government of India, Ministry of Science and Technology, Department of Scientific & Industrial Research. R&D department at GSL has continued its efforts towards design and development of new platforms/ products/technologies and activities to enhance its capability with a view to bring technological superiority to its products and in order to cope up with the future technological challenges.
44. The Company has well established CAD/CAM facility with the latest AVEVA Marine software with advanced features; and recently operationalised FORAN ship design software as second line of CAD/CAM facility for further complementing the capability and reliability of design and testing facility. The Company is also having in-house capability for analysis and verification of ship designs, using software for Finite Element Analysis and Computational Fluid Dynamics.
45. R&D has always been a thrust area for the Company and to further enhance the design capability, your Company has set up a Virtual Reality Centre (VRC) to create an immersive virtual reality environment that

would be used to visualize the 3D stereoscopic model of warship and use them for design review. This is also expected to showcase shipyard products and capabilities to various prospective customers. The overall goal of VRC is to provide ship designers the ability to visualize and interact with a digital mock-up and enable to solve complex design problems and analyse various aspects related to ergonomics at early design phase itself, thus avoiding delays & constraints and reduce the number of hindsight design changes.

46. During the year, design and construction activities for PCV & FPV platforms for the Indian Coast Guard and NGOPV for the Indian Navy have been progressed which would result in significant savings in foreign exchange by avoiding import of ship designs and achieving self-reliance in this area to a large extent. Further, PCVs have been designed to be equipped with the latest pollution control systems and this indigenous product has a tremendous potential in domestic as well as export markets, considering emphasis and awareness on environmental/marine pollution. In addition to the above, the Company has pro-actively taken up the design and development of specialized vessels such as High Value Weapon Intensive Vessel, New Generation Fast Patrol Vessel and Offshore Patrol Vessel, which can be offered for export to friendly foreign countries.
47. A significant part of the design process of Frigate project has been completed. This has provided GSL with invaluable design database and experience related to weapon intensive platform and equip the Shipyard with capability to indigenously design complex and advanced weapon intensive platforms such as New Generation Corvettes, planned for acquisition by the Indian Navy.
48. During the year, the expenditure to the tune of Rs 10 Cr was incurred by the Company under the R&D head.

iDEX AND ARTIFICIAL INTELLIGENCE (AI) INITIATIVES

49. Your Company is actively participating in iDEX initiative of Govt. of India and in collaboration with Start-ups/ MSMEs/ Innovators has accepted various challenges such as Reduction of Radar Cross Section (RCS) for Naval warships and Condition Monitoring System (CMS) for high valued assets. RCS Simulation Software is being customised specifically for marine vessels and is capable of CAD pre-processing, simulation, post processing and visualization. Use of dielectric materials and hotspot analysis make this

a unique tool. GSL, through DIO-iDEX has engaged startups for developing RCS reduction technique solution and AI based CMS for yard assets.

50. Following AI based products are being developed at GSL:

(a) **Real time prognosis and diagnosis of high valued assets (Ship Lift System & LLC Cranes):**

The project is aimed at developing AI based Condition Monitoring System (CMS) that will help GSL to undertake timely maintenance of critical assets and avoid catastrophic failure. The CMS shall also be capable of predicting failure and give maintenance alerts to the users. GSL is undertaking the project through iDEX. Work on the project has commenced and is scheduled to be ready for deployment by early 2024.

(b) **Autonomous Surface Vessel (ASV):** The ASV built in collaboration with M/s Bharat Electronics Limited has been fully deployed and in active service with Indian Navy. GSL is pursuing orders for supply of ASV to Indian/Foreign Navy, Indian Coast Guard, Disaster Management, Pollution Control Board, Marine Police etc. GSL is further developing ASV of smaller variant for special operation requirement of the Indian Armed forces.

51. **Tie-ups with Academia/Startups:** GSL is also pursuing tie-ups with reputed technical education institutes like IISc, Bengaluru, BITS Pilani etc. as well as startups for identifying new AI use cases based on current trends in AI technology.

MISSION RAKSHA GYAN SHAKTI

52. Under Mission Raksha Gyan Shakti initiatives of MoD, your Company has continued its concerted efforts towards Intellectual Property Rights (IPR) regime and filed 13 IPR applications during FY 2022-23. GSL has a dedicated IPR cell to promote invention, innovation and IPR awareness. GSL regularly conducts IPR awareness session to inculcate IPR culture amongst employees and during the year, training was imparted to 21 personnel.

QUALITY ASSURANCE (QA) AND SAFETY

53. Maintaining high standard of product quality and improving production processes through strict quality assurance measures, to ensure product reliability, high efficiency and increased customer satisfaction index is one of the Core Values of your Company.

GSL is certified for Integrated Management System on ISO 9001:2015 for Quality Management System; ISO 14001:2015 for Environment Management System and ISO 45001:2018 for Occupational Health & Safety Management System by Indian Register Quality Systems, Mumbai. The certification is for "Design, Construction and Repairs of Ships and Craft and providing General Engineering Services". Quality Management with the help of ISO 9001:2015 has led to improvements by coordinated efforts of ERP, Risk Management and also upgrading of technical competence by external and internal expertise through sharing of "lessons learnt" on GSL knowledge portal.

54. The Yard has a well experienced QA inspection team, which is continuously trained in adopting updated inspection methodologies and best practices. Ship construction, ship repair and general engineering activities are monitored both by in-house QA dept and external inspection agencies. The Yard continuously focuses on defect avoidance, reducing build periods and reduction of D448 defects at the time of handing over of the ships.

55. The ISO implementation team coordinates in execution of Risk Management Policy of the Company. MANAGEMENT DISCUSSION AND ANALYSIS REPORT FOR FY 2022-23

INDUSTRY SCENARIO AND DEVELOPMENTS

Global Scenario

1. World military expenditure rose by 3.7% in real terms in 2022, to reach a record high of US\$ 2240 billion. Global military spending grew by 19% over the decade 2013-22 and has risen every year since 2015. Russia's invasion of Ukraine was a major driver of the growth in spending in 2022.[#] The changing nature of warfare, rising conflicts and the never-ending great-power competition have given rise to complex geometries in global geopolitical positioning. The world's future is filled with eternal uncertainty. With majority of the countries increasing their defence spending over the past decade, the industry witnessed large-scale procurement and development activities. The advances in technology such as quantum computing, artificial intelligence and digital surveillance are rapidly transforming the militaries worldwide and fuelling the expenditure.

#As per report by SIPRI.

2. The growth in global defence spending is driving the warship and naval vessels market. The global warship and naval vessels market size reached US\$ 63.7 billion in 2022 expected to reach US\$ 90.2 billion by 2028, exhibiting a growth rate (CAGR) of 6.16% during 2023-2028.* As geopolitical tensions and maritime disputes between various countries are increasing, they are striving to enhance their naval capabilities. Several countries are upgrading their existing naval fleets or replacing their aging fleets with newer generation vessels with advanced features to gain a qualitative technological edge over their adversaries. Technological advancements also support the development of newer-generation naval vessels, as each country wants to update its naval combat capabilities.

**As per report by IMARC.*

Indian Scenario

3. India is one of the strongest military forces in the world. The Indian defence manufacturing industry is a significant sector for the economy and holds a place of strategic importance for the nation. The growth of the industry is likely to accelerate with rising concerns of national security and to meet the emerging threats. Demand for defence equipment

in India has been growing due to ongoing territorial disputes with neighbouring countries.

4. Over the last five years, India has been ranked among the top importers of defence equipment to gain technological advantages over rival countries. To modernise its armed forces and reduce dependency over imported defence procurement, several initiatives have been taken by the Government to encourage 'Make in India' activities via policy support initiatives in the past few years and brought in reforms to encourage indigenous design, development and manufacture of defence equipment, thereby promoting self-reliance in defence manufacturing & technology in the country. These initiatives, inter-alia, include according priority to procurement of capital items of Buy Indian (IDDM) category from domestic sources under Defence Acquisition Procedure (DAP)-2020; Notification of four 'Positive Indigenisation Lists' of total 411 items and 4,666 items of Services and Defence Public Sector Undertakings (DPSUs) respectively, for which there would be an embargo on the import beyond the timelines indicated against them; Simplification of industrial licensing process with longer validity period; Liberalization of Foreign Direct Investment (FDI) policy allowing 74% FDI under automatic route; Simplification of Make Procedure; Launch of an indigenization portal namely SRIJAN to facilitate indigenisation by Indian Industry including MSMEs; etc.
5. With focus of the Government on indigenisation and procurement of defence products from the domestic market, the expenditure on defence procurement from foreign sources has reduced from 46% to 36.7% in the last four years i.e. from 2018-19 to 2021-22. The share of domestic procurement in the total procurement has been on an uptrend. Record 75% (approx. Rs one lakh crore) of the defence capital procurement budget has been earmarked for domestic industry in FY 2023-24, up from 68% in 2022-23 and 64% in 2020-21.
6. In the Union Budget 2023-24, capital allocations pertaining to modernization and infrastructure development of the defence services has been increased to Rs 1,62,600 crore representing a rise of Rs 10,230 crore (6.7%) over 2022-23. The capital outlay for the Indian Navy is Rs 52,805 crore, which is an 11% increase from the last year's budget. A major portion of this, Rs 24,200 crore

will be spent to enhance the naval fleet (warships and submarines). This increase is a reflection of the Government's commitment towards sustainable augmentation in the area of modernization and infrastructure development of the defence services.

7. India is poised on a transformational cusp in the maritime domain. The Government has repeatedly emphasised the significance of the defence sector in India's future growth trajectory. Focus on building the capabilities to secure India's maritime interests offers immense opportunities to shipyards to expand their portfolio and harness advanced technologies to provide world-class vessels to the defence forces as a national security imperative.

ORGANISATION STRUCTURE

8. Goa Shipyard Limited (GSL) is a defence public sector undertaking under the administrative control of Ministry of Defence (MoD), Department of Defence Production (DDP) wherein 51.09% shares are held by the President of India and 47.21% by Mazagon Dock Shipbuilders Limited, Mumbai and balance 1.70% by others. GSL, a Miniratna, Category-I, ISO 9001:2015 (QMS), 14001:2015 (EMS) and 45001:2018 (OHSMS) certified company with state-of-the-art shipbuilding infrastructure positioned at Vasco da Gama, Goa is engaged in Shipbuilding, Ship Repair and General Engineering Services for defence and commercial sector. GSL has newly setup a dedicated infrastructure for production of GRP vessels. Separate facilities to support Ship Repair & General Engineering Services activities are also put in place and a liaison office in Karwar, Karnataka has been established to explore ship repair opportunities, as part of diversification.

PRODUCTS AND SERVICES

9. In the recent past, GSL has grown exponentially in diverse fronts offering end-to-end solutions for design, construction and through-life support for defence platforms. It has emerged as a leading shipbuilder in the Indian sub-continent, capable of indigenously designing and building state-of-the-art high technology and sophisticated ships to cater to the maritime security requirements of the country and also for its friendly neighbours. The product range of GSL mainly includes warships for the defence needs such as Frigates, Corvettes, Missile Crafts, Offshore Patrol Vessels, Fast Patrol Vessels, Fast Attack Crafts, Hovercrafts, etc. Support Ships such as Sail Training Ships, Pollution Control Vessels, Cadet Training Ships, Auxiliary Vessels, etc. are also few of the other mainstay products.

10. With intense R&D and public private partnership, the Shipyard has further diversified into design and construction of several platforms associated with maritime industry which includes Glass Reinforced Plastic (GRP) Boats, Tugs, Barges, Floating Docks, LPG Carrier Vessels, etc. With thrust on developing training facilities for the defence forces, various products have been developed and delivered successfully including High Altitude Combat Boat, Nuclear, Biological & Chemical Training Facility, Damage Control Simulator, Survival at Sea Training Facility, Shore Based Test Facility, etc. Also, Stern Gear and Shafting Equipment, critical systems for shipbuilding, are being manufactured and supplied for shipbuilding projects in the country.

11. GSL has developed an autonomous Fast Interceptor Boat (FIB) jointly with BEL & Indian Navy fitted with AI system for operations like way-point navigation and static & dynamic collision avoidance algorithms trained to achieve desired accuracy. The manoeuvrability of the vessel and other systems fitted therein can be controlled remotely. The development of unmanned FIB has expanded the GSL's product profile and opened plethora of opportunities in futuristic technologies.
12. Recently, a dedicated facility has been created for construction of FRP hulled vessels for specialised purposes. Also, dedicated infrastructure facilities to build GRP boats at outlying units of GSL are being utilised for construction of various types of boats.
13. The ship repair capability of GSL includes facilities for repair of large vessels up to 135 mtrs. long, 2000 DWT and 5 mtrs. draught. GSL has also ventured into hardware demands for catering the inland waterways and commercial ship repair activities.

OUTLOOK

14. India is positioned as the third largest military spender in the world, with its defence budget accounting for 2.15% of the country's total GDP. Over the next 5-7 years, the Government of India plans to spend US\$ 130 billion for fleet modernisation across all armed services. MoD has set a target of achieving a turnover of INR 1.75 lakh crore in aerospace and defence manufacturing by 2025, which includes exports of INR 35,000 crore. Defence exports reach an all-time high of approx. INR 16,000 crore in FY 2022-23, over 10-times increase since 2016-17 and India is now exporting defence equipment to over 75 countries with collaborative efforts.

15. The Government has identified the Defence and Aerospace sector as a focus area for the 'Aatmanirbhar Bharat' or Self-Reliant India initiative, with a formidable push on the establishment of indigenous manufacturing infrastructure supported by a requisite research and development ecosystem. The total Acceptance of Necessity granted for capital acquisition in FY 2022-23 is over Rs 2.71 lakh crore, out of which 99% of the procurement will be sourced from Indian industries.
16. In order to promote Aatmanirbharta, MoD has notified four Positive Indigenisation Lists comprising of 411 major weapons platforms/systems with an embargo on their import from defined timelines. Further, DDP, MoD has so far notified four Positive Indigenisation Lists in respect of DPSUs, comprising of 4,666 major Line Replacement Units/sub-system/assemblies /sub-assemblies/components and spares with an embargo on their import from defined timelines. Further, more than 26,000 defence items have been uploaded on SRIJAN Portal and offered to the Industry for indigenisation. So far, 7,031 items have already been indigenised, which cater to the domestic and global markets. Such quantum of indigenous procurement will drive the Indian industries towards achieving the goal of 'Aatmanirbhar Bharat'.
17. Various policy initiatives such as Launch of Mission DefSpace; Launch of Innovations for Defence Excellence (iDEX) scheme by involving Start-ups & MSMEs; Implementation of Public Procurement (Preference to Make in India) Order 2017; Reforms in Offset policy with thrust on attracting investment and Transfer of Technology for defence manufacturing by assigning higher multipliers; and Establishment of two Defence Industrial Corridors, one each in Uttar Pradesh and Tamil Nadu; Earmarking of 25% of R&D Budget for Industry led R&D; Progressive increase in allocation of defence budget of military modernization for procurement from domestic sources, etc. are further promoting indigenisation in defence sector.
18. Government's emphasis on 'Make in India' initiative in the defence sector provides huge opportunities for domestic players to enhance their production capacity and capability. Sizable share in defence budget for augmentation of naval fleet to bridge the critical capability gaps coupled with rising demand of unmanned & autonomous vessels will provide opportunities to meet incessant need to build high-tech platforms for maritime forces. Maritime security threats, territorial disputes and naval modernization

initiatives are factors anticipated to augment market growth in coming years.

19. Buoyed by healthy order book, multiple projects under execution, anticipated acceleration in the industry and the government's major push for localisation provide clear visibility of growing revenue in coming years. The Company is in the midst of transition to the league of shipbuilders capable of constructing complex weapon intensive platforms that provides strong structural growth drivers in the ensuing years.

SWOT ANALYSIS

20. In the changing environment, your Company has identified following to be its strengths, weaknesses, opportunities and threats:

Strengths

- (a) Decades of expertise in shipbuilding, ship repair and diversified products coupled with advanced facilities which enable the Company to expand its market in India and abroad.
- (b) In-house design capabilities, operating on computerized modelling and drafting software, has led to development of designs of Advanced Offshore Patrol Vessel, Fast Patrol Vessel, Survey Vessel, Waterjet Fast Attack Craft, Multipurpose Vessel, Landing Ship Tank, etc. The Company is in the process of developing more sophisticated designs for varied vessels for different applications for which the Company has procured additional FORAN Software.
- (c) Ongoing construction of two Frigates will enhance capability and expertise of Shipyard to design and construction of highly complex and advanced weapon intensive platforms.
- (d) The Company has Enterprise Resource Planning (ERP) system encompassing different phases of operations. This enables seamless integration of all activities resulting in faster and efficient handling of the entire functions. All workflows from the initiation stage to termination are fully system based.
- (e) The Company has a highly skilled work force with ability to absorb and adopt improvements/new technologies. On the job training and special training sessions for acquisition of new skills are imparted to keep the workforce abreast with emerging technologies.

- (f) Successful implementation of e-procurement system and incorporation of such other advancements in IT in day-to-day working of the Company as well as in Cyber Security have been achieved to protect the IT Infrastructure.
- (g) Possession of new and advance shipbuilding infrastructure supported with modern machineries which enable simultaneous construction and fitting out of hull blocks. Advancement in technology is captured and absorbed simultaneously.
- (h) New Shiplift and Transfer System capable of docking / undocking of vessels upto 6000T with two land berths and two covered Ship Assembly Workshop equipped with two cranes of 80T each with tandem operation capable of lifting 160T, showcase the vast expanse of infrastructure of the Yard.
- (i) State-of-the-art Steel Preparation Shop and Block Assembly Workshop for achieving the modern-day block construction philosophy.
- (j) Newly inaugurated Virtual Reality Centre for creating an immersive virtual reality environment that would be used to visualize the 3D stereoscopic model of warship and use them for design review.
- (k) Consistent track record of successful execution and timely delivery.
- (l) Quality conscious, ISO 9001:2015, 14001:2015 and 45001:2018 Company.
- (m) Cohesive management with better communication network.
- (n) Good industrial relations.
- (o) Possess sound financials in all parameters.

Weaknesses

- (a) Geographical limitation for expansion.
- (b) Limited water front and draft.
- (c) Dependence on foreign suppliers for sophisticated systems and machineries due to inadequate industrial and local vendor base.
- (d) Availability of limited experienced contractors, due to geographical location, to meet the stiff delivery schedules.

Opportunities

- (a) Acquisition plan of the Indian Navy and Indian Coast Guard aimed at augmentation of fleet size.
- (b) Growing export potential with friendly nations and support by the Government of India for expanding realm of exports through Line of Credit.
- (c) Growing defence budget allocation towards modernisation, upgrade programmes and maintenance.
- (d) Encouraging demand for OPVs/FPVs/PCVs which are the flagship products of the Company, due to increasing security needs internationally for surveillance, pollution control, training & rescue etc.
- (e) Emerging opportunities in the inland waterways and coastal shipping sector in India.
- (f) Huge ship-refit opportunities due to high cost of replacement tonnage.
- (g) Increasing needs for GRP/FRP boats for patrolling activities by the armed forces / other government agencies.
- (h) Increased opportunities due to impetus on self-reliance and Make in India policy of the Government and increased focus to reduce defence imports.
- (i) Construction of two technologically advanced Frigates has opened up a plethora of opportunities for venturing into the league of more advanced and sophisticated warship builders.
- (j) Potential for upkeep of various vessels built and delivered by the Yard to different customers, under Annual Maintenance Contracts.
- (k) Emerging business prospects in commercial shipbuilding segment and growing demand of unmanned & autonomous vessels for patrolling & surveillance purpose.
- (l) Ongoing geopolitical situation in IOR may lead to emergency procurements.

Threats

- (a) Increased competition in the shipbuilding / refit market.

- (b) Rapid advancement in technology in defence.
 - (c) Stiff price competition in international market that impede export volumes.
 - (d) Disruption in supply chain due to geopolitical uncertainties in European countries.
21. From the above SWOT analysis, it is evident that huge opportunities are emerging in defence and commercial shipbuilding sector coupled with growing demand for maintenance and repair/refit of vessels. GSL needs to leverage its strength of infrastructure, design and manufacturing facilities & capabilities through strategic alliances to harness these opportunities and minimizing the impact of its weaknesses & threats. The Company's efforts are being focused in exploiting these opportunities by optimising the utilization of its resources and upgrading its technological capabilities.

RISKS AND CONCERNS

22. Risks and concerns are an integral part of any business. Your Company has developed an appropriate risk management framework to monitor, identify, assess and mitigate risks that may potentially impact the Company's performance. The major risks and concerns to the Company are:
- (a) Dependence on few customers i.e. maritime defence forces.
 - (b) Requirement for augmentation of IT infrastructure including Software/ERP system aligning with advancement in technology.
 - (c) Uncertainties on the part of suppliers and subcontractors affecting the timely delivery of equipment and completion of job works.
 - (d) Increased competition influencing maintenance of cost competitiveness and sustenance of market share.
 - (e) Dependence on foreign collaborators for critical data/equipment required for project execution.
 - (f) Ongoing geopolitical situation in European countries and rising inflation impacting the pricing of several core items and materials, thereby affecting the profit margins.
 - (g) Under-utilization of specialised infrastructure created for MCMV GRP Vessels at GSL.

MAJOR INITIATIVES UNDERTAKEN AND PLANNED TO ENSURE SUSTAINED PERFORMANCE AND GROWTH

23. The following are the initiatives taken to ensure sustained performance and growth:

- A. Production:** The Company has introduced following measures, new processes/ technologies which are having positive impact on productivity and throughput of the Company and ensure sustained growth in the coming years:
- (a) Procurement and installation of advanced 3-axis automatic CNC pipe bending machines and integration with modelling software for increasing throughput of piping system.
 - (b) Adopted welding procedures for Russian standard material for ongoing project requirement expanding capability base.
 - (c) Use of most sophisticated laser equipment for alignment and machining of complex structures as per requirement of main propulsion of ongoing project and achieved high accuracy value of mounting surface within 10% of the tolerance limits.
 - (d) Ensured completion of GRDD activities (Engineering & piping) of 05 CGOPV Project (Yard 1234, 1235, 1236 & 1237) within 3 weeks post docking. Duration curtailed from 6 weeks to 3 weeks.
 - (e) Customer Satisfaction scores and feedback for the period 2021-22 was obtained from all GSL customers by a third party firm i.e. IRQS and composite Customer Satisfaction Rating/Index was adjudged accordingly.
- B. Infrastructure Modernisation:** A major infrastructure modernisation plan at GSL aimed at enhancing the capabilities of the Yard to build larger and complex class of vessels for defence forces, commercial applications and exports was executed in five phases namely Phase 1, 2, 3A, 3B and 4 and the work on all the phases have been completed. Balance work of Phase 3B comprising of Blast & Paint Cells and New Stores have been completed during the year. The modernisation plan includes creation of dedicated facilities for the construction of high technology GRP hull vessels, new steel fabrication facilities for construction of new technology ships and facility for repair & refit of ships. It also includes other facilities such as two land berths, two jetties, 6000 ton shiplift

system, four level luffing cranes, outfitting workshop, ship assembly shop, construction berths, stockyard, GRP MCMV complex, steel preparation shop and block assembly workshop. With the implementation of modernisation plan, the capacity of the Shipyard has been enhanced multifold. Modernisation programme has been executed with a total CAPEX outflow of Rs 1,398 crore, out of which Rs 880 crore is from Government assistance and balance Rs 518 crore from internal resources which is totally expended.

C. Adoption of Industry 4.0 Standard Infrastructure:

The Company intends to further augment its infrastructure by way of a CAPEX plan of Rs 200 Crore to be incurred from FY 2023-24 onwards which includes upgradation and augmentation of modern production processes & methods using automation and Artificial Intelligence (AI) & Machine Language (ML) with adoption of Industry 4.0 standards mainly implementation of futuristic ERP, AI based predictive maintenance, material tracking and streamlining via E-Kanban on mobile/tablet devices, RFID, bar code & other IOT technologies and replacing manual bending machines with 3D bending machine & robotic welding.

D. Marketing & Business Development and Export Initiatives:

In line with the GoI/ MoD thrust on exports to achieve the targeted USD 5 billion exports by 2025, exports have been a key focus area of your Company and following initiatives have been taken to increase its global footprints by exporting in-house designed products:

(a) The Company is marketing vigorously its various reliable and proven products specially the in-house designed range of Patrol Vessels along with Survey Vessels, Pollution Control Vessels, Training Ships, Landing Craft Utility and the varied range of GRP boats and Training Simulators etc. to various friendly countries.

The Company is expanding its capabilities into construction of high value weapon intensive warships (Corvettes, Frigates, etc.). The Company is fully cognizant of the upcoming international and domestic acquisition programmes and is responding aggressively to secure more orders, thereby continues to hold promise of strong growth. Opportunities related to commercial shipbuilding platforms like OSVs, MPVs etc., which have high demand in export markets, are also being perused vigorously.

(b) In order to publicize its expertise and to identify various business opportunities, the Company participated in various Exhibitions viz. 'DEFEXPO-2022' in Gandhinagar, 'INMARCO-2022' in Mumbai, 'AERO-INDIA-2023' in Bangalore and 'AKAM-2022' in Gandhinagar. GSL has signed more than 20 MoUs with reputed industry partners during Bandhan Ceremony of DEFEXPO-2022 and AERO-INDIA-2023.

(c) A dedicated 'Export Promotions & Strategic Projects' group has been set-up to enhance revenue from exports and new technology products through sustained efforts.

(d) The Company held interaction and discussions with potential countries, through Indian Missions abroad for exploring the export opportunities of GSL vessels and deputed its representatives to potential countries to obtain insights on their forthcoming projects. GSL has been tying up with established Indian firms and utilising combined capabilities and synergies for export promotion. GSL is also exploring the possibility of proposing GSL products to defence authorities of potential export countries through MoD via G2G route or under LoC being offered by Indian Government to these countries.

DEFEXPO-2022 in Gandhinagar, Gujarat

AERO-INDIA-2023 in Bangalore

(e) Case for procurement of two projects from the Company i.e. Landing Ship Tank and Training Ship by Nigerian Government, under Line of Credit is under progress. Approvals from the respective Ministries /Governments/ Departments are awaited and the contracts are likely to be concluded soon.

(f) In addition to constructing vessels, concerted efforts are being put in for offering training packages to foreign navies for training of their personnel in ship design, construction, repair and maintenance aspects and such trainings were imparted to Nigerian and Sri Lanka Navy personnel in the past.

(g) GSL signed Technical Agreement with neighbouring country for exploring mutual cooperation on design and construction of vessels, transfer of technology & supply of material package and training.

E. Diversification/Expansion Plans: As a diversification strategy, the Company has been exploring new opportunities for growth, leveraging its strengths & capabilities acquired in the shipbuilding domain and capitalising on the conducive policy environment encouraging indigenous solutions. The Company is expanding its footprints in ship repair segment and also diversifying in the field of autonomous vessels and underwater platforms. Your Company continues to modernise the equipment and infrastructure to keep pace with emerging shipbuilding processes and technologies. GSL is also forging partnerships with other PSUs/industry players for quickly expanding its reach through resource sharing and towards development of composite materials based solutions. INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

24. The Company has an adequate system of Internal Control implemented towards achieving effectiveness and efficiency of operations, reliability of financial reporting and compliance with applicable laws and regulations. The system comprises well defined organization structures, pre-identified authority levels and procedures issued by the management covering all vital and important areas of activities, viz. Budget, Procurement, Material Control, Works, Finance & Accounts, Human Resources, etc. The Company has in place, various policies and procedures for maintaining adequate and effective internal controls. Functional autonomy is ensured by way of delegation of financial powers of the Board to the CMD/Directors. These powers are further sub-delegated to executives at various levels for smooth and efficient day-to-day functioning.
25. An independent Internal Audit mechanism is in place for conducting extensive audit of various operational & financial matters and for monitoring compliances of Company's procedures and policies with well defined annual audit programme. Internal Audit with regard to three major areas such as Inventory, Transactions

and Fixed Assets are outsourced to professional practicing firms. Audit of other activities are carried out by in-house Internal Audit department. The Internal Control Systems are reviewed periodically by the Audit Committee of the Board of Directors. Audit reports are submitted to the Audit Committee, which examines audit observations, provides guidance, suggests corrective measures and issues directives, if required.

26. The adequacy of Internal Control Procedures is reviewed and reported by the Statutory Auditors in their Audit Report. The Company, being a Government Company, is subject to audit by the office of the Comptroller and Auditor General of India. The implementation of ERP System has helped to strengthen the Internal Control Systems with its in-built checks and balances at various levels of operations. During the year, internal financial controls were tested and no reportable material weaknesses in the design or operation were observed.

PRACTICING COMPANY SECRETARY'S CERTIFICATE ON CORPORATE GOVERNANCE

To,
The Members,
Goa Shipyard Limited
CIN: U63032GA1967GOI000077
Vasco Da Gama, Goa - 403802

We have examined the compliance of conditions of Corporate Governance by Goa Shipyard Limited, for the year ended on 31st March, 2023 as stipulated in the Guidelines on Corporate Governance for Central Public Sector Enterprises (CPSEs) 2010 issued by Department of Public Enterprises (DPE). The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring the compliance of conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Management, we certify that the Company has complied with the aforesaid Guidelines on Corporate Governance, subject to the following observations:

During the period under review, the Company has two Independent Directors on the Board, as against sanctioned strength of three Independent Directors and thus the composition of the Board of Directors was not in compliance with the provisions of Clause 3.1 of DPE Guidelines on Corporate Governance.

As per the information and explanations given to us by the Management, the Company being a Government Company and as per the Articles of Association of the Company, power to appoint Directors (including Government & Independent Directors) and the terms and conditions of such appointment including remuneration and evaluation is vested with the Honourable President of India. We were informed by the Management that the Company has taken up the matter with Ministry of Defence regarding filling up of this vacancy.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
 Goa Shipyard Limited
 CIN: U63032GA1967GOI000077
 Vasco Da Gama, Goa - 403802

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Goa Shipyard Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2023, according to the provisions of:

- i. The Companies Act, 2013 ('the Act') and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder (Not applicable to the Company during the audit period);
- iii. The Company is an unlisted Central Government Company. However, the Company has optionally

admitted its equity shares in dematerialized form on both the depositories viz. NSDL and CDSL. During the audit period, the Company has complied with the Depositories Act, 1996 and the Regulations and Bye-Laws framed thereunder to the extent applicable;

- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent applicable;
- v. The Company being an unlisted Company, the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are not applicable to the Company during the audit period:-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - e. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; and
 - i. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
- vi. We have relied on the representation made by the Company about systems and mechanisms framed by the Company for compliance with the relevant provisions of the following laws/Acts identified by the Company as being applicable to the Company:
- a. The Factories Act, 1948
 - b. The Payment of Wages Act, 1936 and other labour laws
 - c. The Contract Labour (Regulation & Abolition) Act, 1970
 - d. Employees' State Insurance Act, 1948
 - e. Employees' Provident Fund and Miscellaneous Provisions Act, 1952
 - f. Payment of Gratuity Act, 1972
 - g. The Environment Protection Act, 1986
 - h. The Hazardous Wastes (Management and Handling Rules), 1989 and Amendment Rules, 2003
 - i. DPE Guidelines on Corporate Governance for Central Public Sector Enterprises, 2010.
- vii. We have also examined compliance with the applicable clauses of the Secretarial Standards with respect to Meetings of the Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

There was no Woman Director on the Board of Directors of the Company for the period from 23 Dec 2022 to 31 Mar 2023 and to that extent the composition of the Board of Directors was not in compliance with the provisions of Section 149 of the Companies Act, 2013 & rules made thereunder.

During the period under review, the Company has two Independent Directors on its Board, as against sanctioned strength of three Independent Directors and thus the composition of the Board of Directors was not in compliance with the provisions of Clause 3.1 of DPE Guidelines on Corporate Governance.

As per the information and explanations given to us by the Management, the Company being a Government Company and as per the Articles of Association of the Company, power to appoint Directors (including Government & Independent Directors) and the terms and conditions of such appointment including remuneration and evaluation is vested with the Honourable President of India. We were informed by the Management that the Company has taken up the matter with Ministry of Defence regarding filling up of these vacancies.

We further report that:

- a) Subject to the above observations, the Board of Directors of the Company, is duly constituted with a reasonable balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- b) Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- c) All decisions at Board Meetings and Committee Meetings were carried out on the basis of majority and as recorded as part of the minutes. There were no dissenting views by any member of the Board of Directors and Committees recorded during the period under review.
- d) There are adequate systems and processes in the Company commensurate with the size and

- operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.
- e) During the audit period, the Company has obtained the approval of the Shareholders for increasing the borrowing powers (non-fund based facility) of the Company in accordance with the provisions of Section 180(1)(c) of the Act.
- f) During the audit period, there were no instances of:
- i. Public/ Rights/ Preferential issue of shares/ debentures/ sweat equity.
 - ii. Redemption / buy-back of securities.
 - iii. Merger/ amalgamation/ reconstruction, etc.

INDEPENDENT AUDITORS' REPORT

To the Members of Goa Shipyard Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of Goa Shipyard Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of Significant Accounting Policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Draft Board of Director's report along with its annexures which is subject to

Board's approval but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the available other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable,

matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether

a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A"; a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the

Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) The Company falls within the ambit of definition of Government Company under Section 2(45) of the Act. Accordingly, the provisions of Section 164(2) of the Act are not applicable to the Company.
- (f) With respect to the adequacy of the internal financial controls with reference to financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) The Company falls within the ambit of definition of Government Company under Section 2(45) of the Act. Hence, in our opinion, provisions related to Managerial Remuneration under Section 197 of the Act are not applicable to the government company in terms of MCA notification no. GSR 463 (E) dated June 05, 2015.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 2.45 to the Financial Statements.
 - (ii) The Company has made requisite provision as at March 31, 2023, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts. The Company did not have any derivative contracts as at March 31, 2023.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented to us that, to the best of its knowledge and belief, other than as disclosed in the

notes to the accounts to the Financial Statements, if any, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The management has represented to us, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts to the Financial Statements, if any, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the information and explanation given to us and audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations made by the management and as mentioned under sub-clause (iv)(a) and (iv)(b) above contain any material misstatement.
- (v) The interim dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act and;

The Board of Directors of the Company have proposed final dividend for the year

which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.

- (vi) The requirement to the use of accounting software for maintaining Company's books of account which has a feature of recording audit trail (edit log) facility, as prescribed under Rule 3(1) of the Companies (Accounts) Rules, 2014, is

deferred to financial years commencing on or after April 1, 2023, therefore reporting under Rule 11(g) of Companies (Audit & Auditors) Rules, 2014 is not applicable for financial year ended on March 31, 2023.

3. As required by the directions issued by the office of the Comptroller and Auditor General of India under Section 143(5) of the Act, we give in "Annexure – C", a statement on the matters referred to in those directions.

Annexure A to the Independent Auditors' Report

Referred to in paragraph 1 under the heading, "Report on Other legal and Regulatory Requirements" of our report on even date:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment.

(B) The Company is maintaining proper records showing full particulars of intangible assets.

(b) The Property, Plant & Equipment are physically verified by the Management according to a phased program to cover all the items of the Property, Plant & Equipment, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, a portion of the Property, Plant & Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

(c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 2.1 on Property, Plant & Equipment to the Financial Statements, are held in the name of the Company.

In respect of immovable properties that have been taken on lease and disclosed in Note 2.2 on "Right-of-use Assets" to the Financial Statements, the lease agreements are in the name of Company, except for following case:

Land at Sada, Vasco, Goa, having land area 10,775 Sq. Mtrs. comprising of Company Godown, for which Company is yet to execute the lease deed. The Company took possession of land in September 1981, on the basis of Memorandum No. RB/CTN-2/107/72/625 dated August 19, 1981, executed with the Government.

(d) The Company has not revalued its Property, Plant and Equipment (including Right-of-Use Assets) or intangible assets during the year.

(e) According to the information and explanations provided to us, there are no proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as

amended in 2016) and rules made thereunder. Hence reporting under clause 3(i)(e) of the Order is not applicable.

ii. (a) The physical verification of inventory have been conducted at reasonable intervals by the management during the year. In our opinion and based on the policy adopted by the management, the coverage and procedure of such verification is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

(b) According to the information and explanations provided to us, the Company has fund and non-fund based working capital limits in excess of five crore rupees as at March 31, 2023, in aggregate, from banks or financial institutions, part of which is on the basis of security of current assets. The Company as at March 31, 2023 does not have any fund based utilization. The management of the Company have represented to us that, there have been no quarterly returns or statements are mandated to be filed with their banks or financial institutions and hence no returns or statements have been filed with their banks or financial institutions.

iii. (a) The Company has not made any investments in, stood any guarantee or provided any security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships or any other parties except secured and unsecured loan given to employees.

The aggregate amount of such loan to employees during the year and balances thereof as at balance sheet date are as under –

Particulars	Loans (Amount in Lakhs)
Aggregate amount provided during the year	
- Employees (Secured)	27.60
- Employees (Unsecured)	2.40
Balance outstanding as at balance sheet date in respect of above cases	
- Employees (Secured)	100.47
- Employees (Unsecured)	6.18

- (b) In terms of the information and explanations given to us and the books of account and records examined by us the terms and conditions of the loan to employees given during the year are not prejudicial to the Company's interest.
- (c) In respect of the aforesaid loan to employees, the schedule of repayment of principal and payment of interest has been stipulated, and the deduction towards principal and interest is regularly done by the Company from the salary to employees.
- (d) In respect of the aforesaid loan to employees, there is no amount which is overdue for more than ninety days.
- (e) In respect of the loan to employees which has fallen due during the year, no renewal or extension were granted, or no fresh loans granted to settle the over dues of existing loan given to the employees.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the Company and hence not commented upon.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified. Therefore, the provisions of clause 3(v) of the said Order are not applicable to the Company and hence not commented upon.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including Goods and Service Tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of statutory dues, including Goods and Service Tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given to us and the records of the Company examined by us, the particulars of statutory dues referred to in sub-clause (a) as at March 31, 2023 which have not been deposited on account of a dispute, are as follows:

Customs Act, 1962	Basic Custom duty, Social Welfare charges and Integrated Goods and Service Tax (Mumbai)	18.23 (Including interest as applicable under statute)	May 2020	Company is in process of appeal to tribunal

- viii. In terms of the information and explanations given to us and the books of account and records examined by us, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account during the year in the tax assessments under the Income Tax Act, 1961. Hence reporting under clause 3(viii) of the Order is not applicable.
- ix. (a) As the Company does not have any term loans or other borrowings from any lender as at the balance sheet date, the provisions of clause 3(ix)(a) of the Order are not applicable to the Company and hence not commented upon.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us and on the basis of our audit procedures, the Company has not availed any term loan.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the Financial Statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not have any subsidiary, associate or joint venture, hence reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company does not have any subsidiary, associate or joint venture, hence reporting under clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) during the year. Accordingly, the provisions of clause 3(ix) of the Order are not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partly or optionally convertible debentures during the year. Accordingly, the provisions of clause 3(x)(b) of the Order are not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, report in the form ADT-4 as specified under sub-section (12) of section 143 of the Companies Act has not been filed by auditors. Accordingly, reporting under clause 3(xi)(b) of the Order is not applicable.
- (c) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us and as represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of clause 3(xii) of the Order are not applicable to the Company.

- xiii. As per the information and explanation by the management, the Company, wherever applicable, has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the Financial Statements as required under Ind AS 24, Related Party Disclosures specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date, for the period under audit.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of clause 3(xvi) of the Order are not applicable to the Company.
- xvii. The Company has not incurred cash losses during current financial year and had not incurred cash losses during immediately preceding financial year.
- xviii. There has been no resignation by statutory auditors during the year hence reporting under clause 3(xviii) of the Order is not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial

ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) There are no unspent amounts towards Corporate Social Responsibility (CSR) in respect of ongoing projects requiring a transfer to a Special Account in compliance with sub-section (6) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

Annexure B to the Independent Auditors' Report

Referred to in paragraph 2(f) under the heading, "Report on Other Legal and Regulatory Requirements" of our report on even date:

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the Financial Statements of Goa Shipyard Limited ("the Company") as of March 31, 2023, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit

evidence about the adequacy of the internal financial controls with reference to the Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Financial Statements included obtaining an understanding of internal financial controls with reference to the Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Financial Statements.

Meaning of Internal Financial Controls with reference to the Financial Statements

A company's internal financial controls with reference to the Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to the Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial

controls with reference to the Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, adequate internal financial controls with reference to

the Financial Statements and such internal financial controls with reference to the Financial Statements were operating effectively as at March 31, 2023, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF GOA SHIPYARD LIMITED, VASCO-DA-GAMA, GOA FOR THE YEAR ENDED 31 MARCH 2023.

The preparation of financial statements of **Goa Shipyard Limited, Vasco-Da-Gama, Goa** for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 26 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **Goa Shipyard Limited, Vasco-Da-Gama, Goa** for the year ended 31 March 2023 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. CORPORATE INFORMATION

The Company is a Government company domiciled and incorporated in India. The registered office of the Company is located at Vaddem, Vasco Da Gama, Goa.

The Company is principally engaged in building and repairing various types of ships and related General Engineering Services for its customers.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended). The financial statements have been prepared on historical cost basis except for certain financial assets and liabilities which have been measured at fair value.

3. CURRENT / NON CURRENT CLASSIFICATION

i. **The assets and liabilities in the Balance Sheet are based on current/non-current classification. An asset is current when it is:**

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle.
- b. Held primarily for the purpose of trading.
- c. Expected to be realized within twelve months after the reporting, or
- d. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

ii. All other assets are classified as non-current.

iii. **A liability is current when it is:**

- a. Expected to be settled in normal operating cycle.
- b. Held primarily for the purpose of trading.
- c. Due to be settled within twelve months after the reporting, or
- d. There is no unconditional right to defer the

settlement of the liability for at least twelve months after the reporting period.

iv. All other liabilities are classified as non-current.

v. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

vi. **Operating Cycle:**

- a. In the case of ship building and ship repair & refit activities, normal operating cycle is considered vessel wise. The time period from the effective date of contract/letter of intent to the date of expiry of guarantee period is the Normal Operating Cycle. As the build period of the ships depend upon the size/technical specification of each individual ship, defining a uniform Operating Cycle is not feasible.
- b. With regard to other business activities, normal operating cycle will be 12 months.

4. USE OF ESTIMATES

The presentation of financial statements of the Company requires estimates and assumptions to be made that may affect the reported amount of assets, liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimated. Differences between the actual results and estimates are recognised in the period in which the results are known / materialized.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in notes.

ESTIMATES AND ASSUMPTIONS ARE REQUIRED IN PARTICULAR FOR:

i. **Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized:**

Useful life of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that prescribed in Schedule II, it is based on technical advice considering the nature of

the asset, estimated usage, operating conditions of the asset, past history of replacement and maintenance support.

ii. **Recognition and measurement of defined benefit obligations:**

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

iii. **Recognition of deferred tax assets:**

A deferred tax asset is recognised for all the deductible temporary differences and any unused tax losses are carried forward to the extent it is probable that taxable profit will be available in future against which the deductible temporary timing difference and the unused tax losses can be utilized. The management assumes that future taxable profits will be available while recognising deferred tax assets.

iv. **Recognition and measurement of other provisions:**

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in provisions.

v. **Discounting of long-term financial liabilities:**

All financial liabilities are measured at fair value on initial recognition. In case of financial liabilities, which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

vi. **Determination of element of lease in any arrangement:**

At the inception of an arrangement, the Company determines whether the arrangement is or contains an element of lease. Accordingly,

in the case of an arrangement that contains a lease, the Company separates payments and other consideration required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values. If the Company concludes any arrangement which is a lease and if it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. Subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Company's borrowing rate.

vii. **Revenue Recognition:**

Determination of estimated cost to complete the contract is required for computing revenue as per Ind AS 115 on 'Revenue from contracts with customers'. Such estimates are revised periodically.

5. PROPERTY, PLANT AND EQUIPMENT (PPE)

Measurement at recognition

- i. On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.
- ii. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed in each financial year and adjusted prospectively, if appropriate.
- iii. Property, plant and equipment (except freehold land) are stated at cost of acquisition less accumulated depreciation and impairment if any. For this purpose, cost consists of purchase costs and includes taxes, duties, freight and other incidental expenses incurred for bringing the assets to the working condition for their intended use. It also includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. In respect of major projects involving construction related pre-operational expenses form part of the value of assets capitalised. Freehold land is carried at historical cost. Spares purchased along with PPE are capitalized and depreciated over the estimated useful life of that asset.

- iv. An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

Capital Work-in-Progress and Capital Advances

Cost of Assets not ready for intended use, as on the Balance Sheet date is shown as Capital Work-in-Progress. Advances given towards acquisition of Fixed Assets outstanding at each Balance Sheet date are classified and disclosed as Other Non-Current Assets.

6. DEPRECIATION

- i. Depreciation on property, plant and equipment is provided on the straight line method over the useful lives of assets as specified in Schedule II of the Companies Act, 2013.
- ii. Property, plant and equipment acquired with financial assistance from Government are stated at cost and are depreciated over the life of the asset and the depreciation thereto is charged every year in the Statement of Profit and Loss. The financial assistance received is treated as government assistance and the

amount equivalent to depreciation is credited to Statement of Profit and Loss.

- iii. Plant, machinery, equipment and fixtures provided to the Company free of cost under any agreement are valued at market value if such plant, machinery, equipment and fixtures are new, or at the written down value to the donor, if they are used. The value so determined is taken in the books as the original cost to the Company. Corresponding credit is given to "Capital Reserve Account".
- iv. Expenses on administration and supervision in respect of expansion facilities/new projects, which are carried on concurrently with production of the existing Operating Divisions, are charged to the revenue. However, administrative and general overheads which are specifically attributable to the construction of a project or acquisition of fixed assets are charged to respective capital assets and depreciated as per the Companies Act, 2013.
- v. Any additions to property, plant and equipment during the year valuing individually Rs 5000/- or less and purchase of mobile phone for official use is fully depreciated and charged to Statement of Profit & Loss.
- vi. Depreciation is calculated on straight-line basis at the rates arrived at based on the useful lives prescribed in Schedule II of the Companies Act, 2013 which are as follows:

Asset Description	Life of the asset (in years)
1. Buildings	
-Factory Building	30
-Other Civil Construction	30
2. Plant and Machinery	
-Plant & Machinery-Ship lift	15
-Plant & Machinery-Sub Station	15
-Capital Dredging	15
-Slipways	15
3. Furniture and Fixtures	10
4. Vehicles	8
5. Office Equipment	5
6. Servers and Networks	6
7. Medical Equipment	10-15
8. Steam Launches & Boats	15
9. Computers	3
10. Electrical Installation & Equipments	10

The Company follows the policy of charging depreciation on pro-rata basis on the assets acquired or disposed off during the course of a year. Leasehold assets are amortised over the period of lease or useful life whichever is less. The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

7. INTANGIBLE ASSETS

Intangible assets acquired separately are measured at cost on initial recognition. Thereafter they are carried at cost less any accumulated amortization and accumulated impairment losses.

Software cost is capitalized where it is expected to provide future enduring economic benefits and amortized on a straight-line basis over a period of five years or over a period of their useful life whichever is less. Capitalization costs include license fees and costs of implementation/ system integration services. The costs are capitalized in the year in which the relevant software is implemented for use.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognized as at 1st April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

8. IMPAIRMENT OF NON FINANCIAL ASSETS

The Company reviews property, plant and equipment and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In addition, intangible assets not yet available for use are subject to an annual impairment test. Impairment testing of property, plant & equipment and other intangible assets involve the use of estimates in determining the recoverable amount of the asset which can have a material impact on the respective value and ultimately the amount of any impairment.

9. GOVERNMENT GRANTS

Government grants of revenue nature are recognized as a deduction from the related expenses. The grant is recognised when there is reasonable assurance that the Company will comply with the conditions attaching to them and the grants will be received.

Government grants related to assets, including non-monetary grants at fair value, are presented in the Balance Sheet by treating the grant as Deferred Income. The grant is treated as Deferred Income and is recognized in the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

Government assistance relating to the purchase/ construction of property, plant and equipment are included in non-current liabilities as Deferred Income and are credited to Statement of Profit and Loss Account on a straight-line basis over the expected lives of the related assets.

10. LEASES

Ind AS 116 introduced a uniform lease accounting model. On applying the model, a lessee is required to recognise a right-of-use asset representing the lessee's right to use the underlying asset and a financial liability representing the lessee's obligation to make future lease payments. There are exemptions for short-term leases and leases of low-value assets. Lessor accounting remains comparable to that provided by the existing Leases Standard and hence lessors will continue to classify their leases as operating leases or finance leases.

The Company adopted the Standard Ind AS 116 for accounting period beginning on or after April 1, 2019 using retrospective method and therefore the cumulative effect of adopting Ind AS 116 has been recognised by way of adjustment to the opening balance of retained earnings with restatement of comparative information.

Identifying a lease

Under Ind AS 116, the Company assesses whether a contract is or contains a lease based on the definition of a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a specified period of time in exchange for consideration.

The determination of lease pursuant to Ind AS 17 and Appendix C of Ind AS 17 for determining whether an arrangement contains a Lease is maintained for existing contracts.

As a lessee

Under Ind AS 116, the Company recognizes "right-of-use assets" and lease liabilities for its leases. Leases which were classified as operating leases

under Ind AS 17 are now recognized in the Balance Sheet. Non-cancellable period (if only the lessor has a right to terminate a lease), periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option, periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option. Lease terms begin at the commencement date and include any rent free period.

Extension and termination options are taken into account on recognition of the lease liability, if the Company is reasonably certain that these options will be exercised in the future.

As a general rule, the Company recognizes non-lease components such as services separately from lease payments. Non-lease components are identified and accounted for separately from the lease component in accordance with other Ind AS.

When applying Ind AS 116 for the first time, the Company has used the following practical expedients for leases previously classified as operating leases under Ind AS 17:

- To apply a single discount rate to a portfolio of leases with reasonably similar characteristics.
- The right-of-use to the leased asset has generally been measured at the amount of the lease liability, using the discount rate at the commencement of lease. Where accrued lease liabilities existed, the right-of-use asset has been adjusted by the amount of the accrued lease liability under Ind AS 116. At initial application of Ind AS 116, the measurement of the right-of-use does not include initial direct costs. In some cases, the value of right-of-use assets may differ from the value of the liabilities due to offsetting against existing provisions or as a result of valuation allowances. Initial direct costs have been excluded from the measurement of the right-of-use asset for all leases entered into or modified before April 1, 2019.
- Not to apply the new recognition requirements to short-term leases and to leases of low value assets as soon as the new standard is effective.
- Leases with a determined lease term of less than 12 months remaining from April 1, 2019 have been treated as short term.

- The definition of a lease in accordance with Ind AS 17 will continue to be applied to lease contracts entered by the Company or modified by the Company before April 1, 2019 as per Appendix C of Ind AS 116. On transition, the Company has not reassessed contracts which were not identified as leases under Ind AS 17.

Availing exemption by the Company

- Furthermore, the Company has also elected to make use of the following exemptions provided by Ind AS 116:

Leases with a determined lease term of 12 months or less from the commencement of the lease will be treated as short term and therefore not included in the right-of-use asset or lease liability. Instead, lease costs will be recognized on a straight line basis across the life of the lease.

The Company's operating leases mainly relate to real estate assets. The most significant impact identified by the Company relates to its operating leases of real estate assets (such as land, warehouses, storage facilities and offices).

For leases that were classified as finance leases under Ind AS 17, the Company did not change the carrying amount of the right-of-use asset and the lease liability as of March 31, 2019, measured under Ind AS 17.

As a lessor

Lease income from operating leases entered into by the Company where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Balance Sheet based on their nature.

11. BORROWING COST

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs those are incurred in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

12. INVENTORIES

Inventories other than work-in-progress arising under construction contract are valued at cost, weighted average cost, net realisable value, lower of cost and net realisable value as the case may be as follows:

- i. Raw materials are valued at cost and stores & general spare parts are valued at weighted average cost.
- ii. Equipment procured for specific projects are valued as per specific identification method.
- iii. Scrap held at the end of each accounting period is valued at net realizable value.
- iv. Inventory in transit are valued at cost.
- v. Obsolete, slow moving and defective inventories not moved for over 3 years are identified at the time of physical verification and wherever necessary, provision is made for such inventories.
- vi. Cost of inventories comprises of purchase cost, conversion and other cost incurred in bringing them to the present location and condition.

13. CONTRACT ASSETS & LIABILITIES

Contract Asset

Contract Asset denotes the Company's right for consideration in exchange for goods or services that the company has transferred to a customer, when that right is conditioned on something other than the passage of time (for example, the entity's future performance).

Contract Liability

Contract Liability denotes the company's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer.

Shipbuilding & Other Construction/Repair Contract

Ships under construction are long term contracts which extend for more than one year, where Profit be reliably measured and valued in the following manner:

At costs incurred up to the reporting date plus profits are recognized under percentage completion method in proportion to the actual costs incurred bear to the estimated total cost to completion as on that date or,

Where, however, estimates of total contract costs indicate a loss at the beginning of the contract or during the currency of implementation of the contract, provision is made for the entire loss on the contract, irrespective of the amount of work done, by reducing the value of the work-in-progress immediately in the accounting period in which loss is noticed.

Materials with contractors

Materials, if any, held by the contractors for processing are treated as part of work-in-progress.

14. FINANCIAL ASSETS

Initial recognition and measurement

All financial assets are recognized at fair value on initial recognition. In the case of financial assets not recorded at fair value through profit or loss, they are recognized at transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified using the following measurement categories:

- To be measured subsequently at fair value (either through other comprehensive income or through profit and loss), and;
- To be measured at amortised cost

I. Trade Receivables:

- a. Trade receivables are recognized at fair value on initial recognition and subsequently measured at amortised cost using effective interest method, less provision for impairment wherever applicable.
- b. Provision for bad and doubtful debts is based on the simplified approach of impairment of trade receivables permitted by Ind AS 109. Financial instruments which requires expected lifetime losses to be recognized are done accordingly and provision is generally made for debts outstanding for more than three years, excepting those which are contractually not due as per the terms of the contract or those which are considered realizable based on a case to case review.

- c. Full provision is made for all debts considered doubtful of recovery having regard to the following considerations:
 - Debts outstanding to be received from the Government / Government Departments / Government Companies are generally not treated as doubtful debts irrespective of the period for which they are outstanding.
 - Where debts are disputed in legal proceedings, provision is made if any decision is given against the Company even if the same is taken up on appeal to higher authorities / courts.

II. Investments:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as 'at fair value through profit and loss' (FVTPL) and all changes are recognized in the Statement of Profit and Loss.

All other equity instruments are classified 'at fair value through Other Comprehensive Income' (FVTOCI). Fair value changes on the instrument, excluding dividends, are recognised in the Other Comprehensive Income. There is no recycling of the amounts from Other Comprehensive Income to Profit or Loss.

III. Cash and Cash Equivalent

For the purpose of presentation in the Statement of Cash Flow, cash and cash equivalents includes cash in hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk to changes in value. Bank overdrafts are shown within borrowings in Current Liabilities in the Balance Sheet.

15. FINANCIAL LIABILITIES

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as Financial Liabilities at Fair Value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized at fair value

on initial recognition and in the case of loans, borrowings and payables, net of directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the amortisation of effective interest.

16. REVENUE RECOGNITION

The Ministry of Corporate Affairs ("MCA") has notified on March 28, 2018 the Ind AS 115, "Revenue from Contract with Customers". The standard replaces erstwhile revenue recognition standards Ind AS 11 Construction Contracts and Ind AS 18 Revenue. The Company has adopted Ind AS 115 from April 1, 2018 using the cumulative catch up approach.

i. Ship construction & Repair Contracts:

Ship Construction Contract are long term construction contract which involve the transfer of property in goods and Ship Repair contracts are generally short duration contract of less than 12 months involving mainly rendering of services and any transfer of goods involved is only secondary. In both categories of the contract, the performance obligation is executed over a period of time. Accordingly, the revenue from Ship Construction / Ship Repair Contracts is recognized when (or as) the Company satisfies performance obligations as per the Contract over a period of time.

Assets is transferred when (or as) a performance obligation is satisfied over time and revenue is recognized on percentage of completion method, if one of the following criteria is met:

- a. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs;
- b. The Company's performance creates or enhances an asset (for example, work-in-progress) that the customer controls as the asset is created or enhanced; or
- c. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

When the control of the produced good and/or services rendered is transferred over time to the customer, revenue is recognized over time (i.e. under the percentage of completion method).

For the application of the over the time method (PoC method), the measure of the progress of the completion of performance obligations is based on inputs method (i.e. cost incurred).

Fixed Price Contract:

Revenues from construction contracts with customers are recognized over the time using input method i.e. by comparing the actual costs incurred to the total estimated costs anticipated for the entire contract. Such estimates are revised periodically.

Contract with Uncertain/Negative Results:

When it is probable that total contract costs will exceed total contract revenue, the entire expected loss is recognized as an expense immediately. When the outcome of a construction / repair contract cannot be reliably estimated, contract revenue is recognized only to the extent of contract cost incurred that are likely to be recoverable. Recognition of the profit element is postponed.

Revenue from supply of Base & Depot (B&D) spares:

Revenue from supply of B&D spares is recognized based on performance obligation satisfied at a point in time based on proof of receipts of goods issued by the customers.

ii. Other operating revenue:

Other operational revenue represent income earned from the activities incidental to the business and is recognized when the right to receive the income is established as per the terms of the contract.

iii. Interest income:

For all investments made by the Company, interest income is recorded using the Effective Interest Rate (EIR). Interest income is included in finance income in the Statement of Profit and Loss. Interest income is accrued at applicable interest rate.

iv. Other items of income:

- a. Additional revenue, in respect of contracts completed in earlier years, is accounted for as contract revenue in the year in which such revenue materializes.
- b. Value of free supply items are not booked to job/work-in-progress except in the cases permitted by the contracts. However, value added thereon is taken to Value of Production and in Sales.
- c. Other items of income are accounted as and when the right to receive arises.

v. Others:

Credit notes issued to customers are treated as reduction of sales for the year in which they are issued.

17. EMPLOYEE BENEFITS

A. Defined contribution plans

- i. **Provident Fund:** The Company's contribution to the recognized Provident Fund paid / payable during the year is debited to the Statement of Profit and Loss. The PF contribution of the employer and employees is remitted to the office of the Regional Provident Fund Commissioner.
- ii. **Voluntary Retirement Scheme:** Actual disbursement made under Voluntary Retirement Scheme is charged to revenue in the year of payment.
- iii. **Superannuation Scheme:** The Company's Liability towards Defined Contribution Superannuation Scheme is remitted to a separate Trust Fund, the corpus of which is invested with IRDA approved Insurance Company/ Companies as decided by the Trustees. Such amounts are charged to Statement of Profit and Loss in the respective financial years.
- iv. **Post-retirement Medical Scheme:** The Company's Liability towards defined contribution scheme in respect of Post-Retirement Medical facilities are covered by way of a Group Medclaim Policy availed for the purpose in the financial year and is

charged to Statement of Profit and Loss by way of requisite Provision as per the scheme and the annual premium of which is met out of the provision created as above.

B. Defined benefit plans:

- i. **Gratuity:** Liability for gratuity is determined annually by actuarial valuation as per Ind AS 19 – Employee Benefits, and is being remitted to a separate Trust. The Company accounts for the net present value of its obligations for gratuity benefits based on an independent external actuarial valuation determined on the basis of the projected unit credit method carried out annually. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.
- ii. **Leave encashment:** Liability in respect of earned leave unavailed by the employees as at the end of the year is provided for on the basis of actuarial valuation as per Ind AS 19 – Employee Benefits.

Under Ind AS 19, net interest cost is determined by multiplying the net defined benefit liability and fair value of plan asset by the discount rate specified, both as determined at the start of the annual reporting period, taking into account, any changes in the net defined benefit liability and asset during the period as a result of contribution and benefit payments. Cost on account of this is included as employee benefit expense in the Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in Statement of Profit and Loss as past service cost. Re-measurement gains and losses arising from changes in actuarial assumptions and experience adjustments are recognized in the period in which they occur, directly in other comprehensive income.

18. PRIOR PERIOD ADJUSTMENT/ RECLASSIFICATION

Material Prior period errors and reclassification are corrected retrospectively by restating the comparative amounts for prior periods presented in which the reclassification is required/ error occurred or if the error occurred before the earliest period presented, by restating the opening statement of financial position.

19. FOREIGN CURRENCY TRANSACTIONS & DERIVATIVES

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates (“functional currency”). The financial statements are presented in Indian Rupees (“INR”), which is the functional currency and presentation currency of the Company.

A. Foreign Currency Transactions:

Foreign exchange transactions are recorded at the functional currency adopting the exchange rate prevailing on the dates of respective transactions. Monetary assets and liabilities denominated in foreign currencies existing as on the Balance Sheet date are translated at the functional currency exchange rate prevailing as at the Balance Sheet date.

The exchange difference arising from the settlement of transactions during the period and effect of translations of assets and liabilities at the Balance Sheet date are recognized in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates as at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit or loss respectively).

If the liabilities are on account of procurement of capital assets, the differences due to exchange variation are included in the cost of the respective capital assets.

B. Derivative instruments and hedge accounting:

- i. The Company uses foreign currency derivative contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecasted transactions. The Company designates these as cash flow hedges applying the recognition and measurement principles set out in the Ind AS 109– Financial Instruments.
- ii. The use of foreign currency derivative contracts is governed by the Company's policies approved by the Board of Directors which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The Company does not use derivative financial instruments for speculative purposes.
- iii. Foreign currency derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to the Statement of Profit and Loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit or loss when the hedge item affects profit or loss. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as Other Comprehensive Income are transferred to the initial carrying amount of the non-financial asset or liability.
- iv. Hedge accounting is discontinued when the hedge instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. If a hedged transaction is no longer expected to occur, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

20. SEGMENT REPORTING

Ship Construction, Ship Repairs and General Engineering are considered as Reportable Segments for the purpose of Segment Reporting. For the ongoing projects and completed projects value of production is reported as segment revenue. Expenses that are directly identifiable with/allocable to segments are considered for determining the segment result. Income and expenditure not allocable to segments are included under "Net of unallocable Income/ Expenses". Assets and liabilities of the Company are used jointly by all the segments. Accordingly, there is no segment-wise bifurcation of assets and liabilities.

The Company is engaged in the production of defence equipment and was exempted from Segment Reporting vide notification S.O.802(E) dated February 23, 2018 by amending notification no G.S.R 463(E) dated June 5, 2015. In view of the above, no disclosure is made separately by the Company on Operating Segment under Ind AS 108.

21. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognised if as a result of a past event the Company has a present legal or constructive obligation that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are not recognised but disclosed in the financial statements when economic inflow is probable.

22. PROVISION FOR WARRANTY

Provision for Warranty related costs are recognised in terms of the Contract after the product is sold or services are rendered to the Customers. Initial recognition is based on the historical experience. The estimate of warranty related cost are revised periodically. The percentage of provision is determined as per the past practices followed by the Company.

23. EARNINGS PER SHARE

Basic Earnings per Share are computed by dividing Profit After Tax by number of paid up Equity Shares at the end of the period. Diluted Earnings per share is computed by dividing Profit After Tax by number of paid up Equity Shares and Equity Shares that could

have been issued upon conversion of all dilutive equity shares.

24. INCOME TAX

- i. **Current Tax:** Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 as amended from time to time.
- ii. **Deferred Tax:** Deferred tax is recognized on timing difference, being difference between taxable income and accounting income for the year, that originate in one period and are capable of reversal in one or more subsequent periods and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.
- iii. Deferred Income Tax is provided in full, using the liabilities method, on temporary difference arising between the tax bases of assets and liabilities and their carrying amounts in the financial statement. Further Deferred Income Tax is not accounted if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).
- iv. Deferred Income Tax is determined using tax rates and laws, that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realized or the deferred income tax liability is settled.

- v. Deferred tax assets are recognized and carried forward to the extent there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

25. DIVIDEND TO EQUITY SHAREHOLDERS

The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

26. RESEARCH AND DEVELOPMENT

Capital expenditure on research and development is included in Property, Plant and Equipment (PPE) and revenue expenditure is charged to Profit & Loss Account in the year in which it is incurred.

27. CORPORATE SOCIAL RESPONSIBILITY

The Corporate Social responsibility (CSR) expenditure is charged to the Statement of Profit & Loss in the period in which it is incurred, except to the extent the Company decides to carry forward any amount in excess of the minimum required CSR expenditure for adjustment in future years in terms of Sec 135(5) of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021.

28. ROUNDING OFF AMOUNTS

All amounts disclosed in the financial statement and notes have been rounded off to the nearest lakh with two decimals as per the requirement of Schedule III of the Companies Act, unless otherwise stated.

NOTE 2.49: CAPITAL MANAGEMENT

The Company's objective when managing capital are to safeguard their ability to continue as a going concern so that they can continue to provide returns for shareholders and maintain an optimal capital structure to reduce the cost of capital.

For the purpose of capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company.

The Company is not subject to any externally imposed capital requirements.

To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The net debt includes, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

NOTE 2.50: FINANCIAL RISK MANAGEMENT

The Company's financial liabilities comprise of trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables. The Company is mainly exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') oversees the management of these financial risks through its Risk Management Committee. The Risk Management Policy of the Company formulated by the Risk Management Committee and approved by the Board, states the Company's approach to address uncertainties in its endeavour to achieve its stated and implicit objectives. It prescribes the roles and responsibilities of the Company's management, the structure for managing risks and the framework for risk management. The framework seeks to identify, assess and mitigate financial risks in order to minimize potential adverse effects on the Company's financial performance.

The following disclosures summarize the Company's exposure to financial risks and information regarding use of derivatives employed to manage exposures to such risks. Quantitative sensitivity analysis have been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables and loans.

a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company has insignificant interest bearing borrowings, the exposure to risk of changes in market interest rates is minimal. The Company has not used any debt except lease liabilities.

b) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company enters into forward exchange contracts with average maturity period of 12 to 24 months to hedge against its foreign currency exposures relating to the recognized underlying liabilities and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes. The Company is mainly exposed to changes in USD & EURO which is minimal.

2) Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, derivative financial instruments, other balances with banks, loans and other receivables. The Company mainly has transactions with government agencies and are considered to have sufficiently high credit rating. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from derivative financial instruments and other balances with banks are limited and there is no collateral held against these, because the counter parties are banks and recognized financial institutions with high credit ratings assigned by the international credit rating agencies.

Trade Receivable

Customer credit risk is managed subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Trade Receivable. The Company evaluates the concentration of risk with respect to Trade Receivables as low, as its major customers are Coast Guard, Indian Navy and Army under Ministry of Defence.

(₹ in Lakhs)

Movement in expected credit loss allowance on trade receivables	As at 31-03-2023	As at 31-03-2022
Balance at the beginning of the year	1,822.53	1,463.74
Loss allowance measured at lifetime expected credit losses	(1,241.63)	358.79
Balance at the end of the year	580.90	1,822.53

3) Liquidity Risk

Liquidity risk is the risk when the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Company also has adequate credit facilities agreed with banks if needed to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

The table below summarises the maturity profile of the Company's financial liabilities on contractual undiscounted payments.

NOTE 2.53:

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment received Indian Parliament approval and Presidential assent in September, 2020. The Code has been published in the Gazette of India and subsequently on November 13, 2020 draft rules were published and invited for stakeholders' suggestions. However, the date on which the Code will come into effect has not notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period of the Code becomes effective.

NOTE 2.54: RECENT ACCOUNTING PRONOUNCEMENTS**Ind AS Amendments effective from 1 April 2023**

Ind AS 1, Presentation of Financial Statements: The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements. The Company is in the process of evaluating its impact, if any, on the financial statements.

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors: The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements. The Company is in the process of evaluating its impact, if any, on the financial statements.

Ind AS 12, Income Taxes: The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the initial recognition exemption so that it does not apply to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

NOTE 2.55: ADDITIONAL DISCLOSURES**a) Title deeds of Immovable Properties**

The title deeds of the immovable properties are held in the name of the Company. The lease deeds duly executed by the Company are in its name in case of leased properties except Land at Sada, Vasco, Goa, having land area 10,775 Sq. Mtrs., for which the Company continues to occupy the land since 1981.

b) The Company has requested MoD to approve the proposal for gifting of the portion of land admeasuring 211 Sq. Mtrs for road widening project, as requested by Local Authority, MMC, Vasco, Goa. The approval from MoD is awaited.

c) Loans or Advances in the nature of loans are granted to Promoters, Directors, KMPs and the Related Parties

There are no loans or advances in nature of loans granted to Promoters, Directors, KMPs and the Related Parties (as defined under the Companies Act, 2013) either severally or jointly with any other person that are repayable on demand or without specifying any terms or period of repayment.

d) Relationship with Struck off Companies

The Company is in the process of identifying any transactions with companies struck off under Section 248 of the Companies Act, 2013 or Section 560 of the Companies Act, 1956.
